Dear Mr Cook

Further to the Main Modifications, it has come to our attention that there is a minor typographical error to MM10, the word SPA has been omitted on the first sub-clause (c) and a proposed amendment is shown in red in the paragraph below:

(c) Proposals are supported by sufficient information for the purposes of an appropriate assessment of the implications of the proposal, alone or in-combination with other plans and projects, for any Special Area of Conservation (SAC), Special Protection Area (SPA) and Ramsar site. The conclusions of the assessment, in accordance with Council Directive 92/42 EEC and the Conservation of Habitats and Species Regulations 2010, must show that a proposal can be delivered without adverse effect on the integrity of any SAC, **SPA** or Ramsar site.

We would be grateful if this modification can be considered as part of Main Modification 10. We intend to display this letter on our webpage as CD14.11 and will notify all examination participants of its existence.

Yours sincerely ..

Kevin Phillips
