Family Relationships

Education—consider whether a child / young person is finding it hard to engage with their learning, or if their Special Educational needs are not being met. This includes attendance and exclusions.

Early Years Development—Consider whether parents may need specialist support, concerns around dental hygiene, speech or social / emotional development.

Mental and Physical Health—Do any family members have unmet mental or physical health needs?

Substance Use— Do any family members have a problem with alcohol or drugs?

Family Relationships— Do parents require support with setting routines, boundaries? Are there harmful levels of parental conflict? Are children being verbally or physically abusive in the home? Could a child / young person be considered as a young carer?

Safe from Exploitation / bullying—Have the family been recently supported by Social Care? Is a child / young person going missing from home? Is a child/young person at risk of criminal or sexual exploitation? Is a child / young person at risk of radicalisation? Is a child / young person being bullied?

Crime—Has an adult or Young person been involved in crime in the last 12 months? Is a Young person at risk of crime—such as gangs or carrying a weapon.

Domestic Abuse—Has the family been affected by Domestic Abuse, both historically or currently? Is an adult in the household a perpetrator of domestic abuse? Are the children / young people affected by current or historical domestic abuse?

Housing—Are the family at risk of losing their temporary accommodation? Are they in unsuitable accommodation? Are they being threatened with eviction or at risk of homelessness? Has a young person (aged 16/17) been excluded from the family home?

Finances—Do the family require support with their finances or do they have unmanageable debt? Is there a young person in the family home who is NEET? Is there an adult who would like support with getting in to work, volunteering or training?
