Dear Mr Cook,

### **Examination of the Gloucestershire Waste Core Strategy – Main Modifications**

On 12 March 2012 we set out and discussed the main modifications that the County Council considers necessary for the submitted DPD to be found sound and legally compliant following your examination of it. We propose to consult upon those main modifications as indicated to you. In accordance with s20(7C) of the 2004 Act (as amended), the County Council formally requests that the person appointed to carry out the examination recommends modifications of the submitted document that would make it one that satisfies the requirements mentioned in s20(5)(a) and is sound.

I trust that this is satisfactory to meet the requirements of the new provisions. Should you wish to discuss further please contact me on the above telephone number.

Yours Sincerely

**Nigel Riglar**  
**Commissioning Director: Communities & Infrastructure**
