Title: EPS - Recognising Behaviour as Communication: Using relational approaches

Venue: To be delivered online via Teams

Trainer: Dr. Luca Onions

Specialist Teaching and Educational Psychology Service

EPS - Recognising Behaviour as Communication: Using relational approaches

Outline

Course Aims

- To understand behaviour as communication
- To explore the principles of relational approaches
- To reflect on the role of adults and children's emotional regulation
- To explore ways of responding and practical strategies to support children

Description

By the end of this session, attendees will develop a deeper understanding of how behaviour communicates underlying needs and emotions, and how to respond through a relational lens. Participants will explore the importance of connection, trust, and emotional safety in supporting behaviour, and gain practical strategies to foster reflective, inclusive practice.

Outcome

At the end of this course, participants will:

- Have an understanding of how behaviour communicates underlying needs and emotions
- Have knowledge of how to respond to children's behaviour using relational approaches

Audience

This course is for SENCOs, Teachers, Teaching Assistants and Pastoral Workers
