Role of Elected Members in an Emergency

***What do you think your role is in an
emergency?***

Responding to an Emergency in your Area

YOUR ROLE:

- **Communication link to the local community**
- Eyes and ears – advice officers of local issues
- **Local knowledge**
- Requests for assistance via call centre
- **Community leadership role/reassurance**
- Attend and if appropriate chair local residents' forum

Role of Elected Members after an Emergency

*What do you think your role is after an
emergency?*

Your Role after the Emergency

- **Continue to be the communication link between the council and local community**
- **Assist in the Recovery as appropriate**
e.g. supporting local community groups
- **Assist in improving Community Resilience based on lessons learned from the emergency**
- **Take part in any debriefs, inquiries as required**

Role of Elected Member in an Emergency

GENERAL GUIDANCE:

- **Remember your own health and safety**
- Major incidents are usually followed by a period of confusion. Members should be patient whilst officers clarify the situation
- **Members will be notified of an emergency as soon as practical to do so**
- Daily briefings will be provided to Members
- **Members should keep a log of events**
- Contact card

Pitfalls to Avoid

- **Don't put yourself in danger**
- Don't get in the way of the response by the Emergency Services
- **Don't take on tasks you are not comfortable with**
- It is advisable that all press statements are issued through the press office
- **Don't make statements that imply failure or blame of the council or other organisations**
- Make sure you have a break/rest!

Discussion Scenario

Scenario

- Residents in your community have woken up to find either they do not have any water supply or the pressure is very low.
- Some residents have received a text message from Severn Trent Water advising that they are currently working to fix a water supply issue in their area.
- A few residents have contacted Severn Trent Water who have confirmed the water supply issue is due to a bust water main, which they are trying to repair as soon as possible, but this may take a few hours.
- Bottled water supplies in the local shops are quickly selling out.

Discussion Questions

1. How might you become aware of such an issue?
2. Would you contact anyone once you were aware, and if so who?
3. What kind of assistance to the community do you think you could provide during this incident?
4. What actions might you take after the incident?
