

Mental Capacity Act Level 2 Foundation Training

The Mental
Capacity Act
2005

Mental Capacity Act Training:

Gloucestershire's Mental Capacity Act Governance Group has a number of approved trainers who can deliver the Level 2 MCA Training Course within your organisation.

This list provides details of approved trainers who can support your training needs. Many trainers offer both face-to-face and virtual sessions, giving you flexibility in how the course is delivered.

We encourage organisations to discuss their requirements directly with trainers and carry out their own checks regarding training costs, appropriate insurance arrangements, and compliance with relevant legal and professional standards before booking.

Who is this course for?

The Mental Capacity Level 2 training is for all frontline staff who have direct contact with an adult who may lack capacity.

Contact Us

If your organisation is interested in developing its own GSAB-approved MCA Trainer, we offer a Train the Trainer workshop twice a year to support organisations in delivering this training internally. For further information, please contact: emma.hawkins@gloucestershire.gov.uk.
