## Executive Summary

The School Places Strategy (SPS) examines the duties placed upon the Council by the Department for Education (DfE) and provides an analysis of current primary and secondary school provision. This is to help key stakeholders and partners understand how school places are planned and developed.

The role of the Council is set within a legal framework of statutory duties to ensure that there are sufficient school places in its area. The Council is seen as a commissioner of places rather than being the direct provider.

Between 2015 and 2020 the Office for National Statistics (ONS) estimates that the number of 0-19 year olds increased by approximately 3,677, this compares to a rise of only 78 in the last period of 2010 to 2015 with the largest growth in the 5-10 age range currently in our primary schools. The greatest growth for this age range is seen in the Gloucester and Tewkesbury areas.

Age Range	0-19	0-4	5-10	11-16	17-19
Cheltenham	26,086	6,648	7,471	7,490	4,477
Cotswold	17,666	3,919	5,392	5,541	2,814
Forest of Dean	18,354	4,163	5,239	5,394	3,558
Gloucester	31,714	8,868	9,495	8,636	4,715
Stroud	26,090	6,082	8,109	8,152	3,747
Tewkesbury	19,281	5,128	5,953	5,623	2,577
<b>County total</b>	<b>139,191</b>	<b>34,808</b>	<b>41,659</b>	<b>40,836</b>	<b>21,888</b>

Source: ONS 2015 & 2020 Mid-Year Population estimates - difference table

In Gloucestershire the school numbers on roll increased by almost 4,436 pupils. The growth in primary schools is evident and this pressure is now moving into our secondary sector increasing year by year, although during this period the post 16 numbers fell.

Sector	Overall	Primary	Secondary	Post 16
County total 2015	83,493	44,987	32,080	6,426
County total 2020	87,929	47,908	33,898	6,123
<b>Difference</b>	<b>4,436</b>	<b>2,921</b>	<b>1,818</b>	<b>-303</b>

Source: October School Census Returns in 2015 and 2020

The County Council has a good record of actively planning school places through its annual planning cycle of forecasting, review and change. Every year, the available data is analysed and the areas of greatest basic need are identified for options to expand or change.

Trend-based pupil projections for individual schools across both the primary and secondary school phases are produced annually. The County Council uses health data to track the numbers of births and location of pre-school age children.

Information about expected levels of new housing from the six district councils is also taken into account in the planning but in the past we have not directly included this data in the forecasts. As a result, the forecasts appeared to under estimate the need. We address this by incorporating the housing data in our School Capacity Return (SCAP) to give an overall forecast including housing. Forecasts including pupils from new housing are shown in the detailed sections of this report.

All county councils must inform the Department for Education annually of the net capacity of each school in its area. To this end, schools must inform the Council of any physical change to the buildings that might change the area or capacity measurements. This information is then reported through an annual mid-summer statutory data collection which captures school capacities, pupil forecasts and details of capital spend (SCAP)

The County Council has a good record of actively planning school places to ensure that supply is in line with forecast demand and that parents are given the best possible chance of securing one of their preferences.

The Education Planning and Infrastructure Team receive new pupil forecasts in February each year, when we start examining the data to identify action that may be required to provide additional places to meet basic need for September of the following year.

Priority projects are included in the SPS Implementation Plan and officers engage with schools to discuss the findings and explore how additional capacity might be realised. Site visits will establish the suitability of a site for expansion and then architects will carry out initial feasibility studies with indicative costings which are also shared with schools.

Once a scheme is approved in the Council's Schools Capital Programme plans are drawn up in consultation with all stakeholders and planning applications are submitted where required. Capital works are progressed in accordance with the timescales required to deliver additional capacity on a school site ideally at the start of the new academic year (September).

In addition, after the Christmas break, a review of preference data from the Admissions Team is undertaken. We identify the need for any urgent or temporary expansions not already planned for, that have emerged at this point due to a change in patterns of parental preference.

The County Council must follow a statutory process if

- a proposed enlargement to the premises of the school is permanent (longer than three years) and would increase the capacity of the school by:
  - more than 30 pupils; **and**
  - 25% or 200 pupils (whichever is the lesser)<sup>1</sup>;
- a proposal involves the making permanent of any temporary enlargement (that meets the above threshold).

There are four stages for a statutory proposal:

Publication, Representation (formal consultation), Decision, Implementation

The authority receives an annual capital allocation from the Department for Education (DfE) for basic need and maintenance (Schools Condition Allocation).

Where new places are required as a result of new housing developments, it is necessary to look to other funding, specifically developer contributions (S106).

In August 2023 the Department for Education issued guidance on "Securing developer contributions for education". Paragraphs 5 and 6 of this guidance state that "Central government basic need grant, the DfE free schools programme and other capital funding do not negate housing developers' responsibility to mitigate the impact of their development on education." and "While basic need funding can be used for new school places that are required due to housing development, we would expect this to be the minimum amount necessary to maintain development viability, having taken into account all infrastructure requirements."

The County Council works closely with all six local planning authorities in relation to S106 and Community Infrastructure Levy (CIL) contributions, which are sought on an individual development basis to meet the necessity tests. In general, contributions

---

<sup>1</sup> As an example: if the proposal is to increase a five-form of entry school with a net capacity of 750 to a six-form of entry school with a capacity of 900 pupils then no proposal is required as although the increase is by more than 30 pupils, it is less than 25% of the current capacity

relate to the number of children likely to come from the new development multiplied by DfE building cost factors. If there is likely to be sufficient capacity at the nearest school to accommodate all the children anticipated from a development, then this would mean that a request for a contribution would not be justified.

Since 2011, the council has had a programme of expansion in the primary sector although this has now levelled off. Primary school forecasts indicate a decrease in the total pupil numbers by approximately 2,741 or 5.9%, in the three year period between the September 2022 forecast and September 2025 forecast for the county as a whole. There are pockets of localised pressure on primary places, in particular in the large urban centres of Cheltenham and Gloucester and to meet new housing. The demand for additional places has now moved into the secondary schools.

The latest forecasts suggest that we will need to continue some further expansion in more urban areas over coming years. Lower cost options, using existing spare capacity in school buildings, are becoming exhausted, leading to increased costs in order to provide additional new build for expansion.

We are currently responding to need arising from strategic housing sites and large urban extensions, seeking S106/CIL funding to provide new primary schools and additional secondary places.

As the majority of schools are full to capacity, increasing numbers of in-year applications continue to prove difficult to address. In 2021/22 4,490 in-year applications were received for 1,785 places, from children previously unknown to the LA, either out of county or from outside of the UK. This equates to nearly half of all in-year applications that year. Roughly 75% of all applications are for primary school places. The Council is exploring new models of expansion that would enable a better solution for the growing number of in-year applicants

### **Primary Pupil Numbers (Areas)**

In general, supply is meeting demand for places in the Forest of Dean, and there are a few areas where numbers have been dropping, which impacts on the sustainability of smaller schools. In some areas of the Forest of Dean additional places may be required as a result of planned new housing developments. Where we have secured S106 funding, this will be used to increase provision to meet that demand, for example in Lydney.

Housing development in Tewkesbury town and surrounding areas will also impact on the supply of primary places locally. We have recently completed the expansion at John Moore Primary and Mitton Manor Primary Schools.

Schools in Bishop's Cleeve have expanded to meet the demand from new housing developments locally. Further developments now in the pipeline require a new primary school to be provided, which is being progressed.

Large strategic housing developments are impacting on demand in pockets around the Cotswolds, where S106 funding will support suitable expansions and the provision of new schools. Planning Areas of notable growth are Moreton in the Marsh, Fairford and Cirencester.

Cheltenham has continued to experience pressure on places. A number of schools have been permanently expanded to meet demand in the Southeast of the town. Further housing developments are expected to impact on demand but timing of the delivery of these plans can be fluid. Large strategic housing to the West and Northwest of Cheltenham will be addressed with new schools as part of the S106 agreements.

New housing developments planned for the Tewkesbury planning area that sits close to the Gloucester city boundary at Churchdown, Innsworth, Twigworth and Brockworth are all underway and will provide new schools as part of the S106 agreements.

Pressure to the south of Gloucester in Quedgeley, Kingsway and Hardwicke has been met by the new Clearwater and Hunts Grove primary schools, which are continuing to fill from the impact of further housing. Any further new housing planned may be required to provide new schools once the existing schools are at capacity.

### **Secondary Pupil Numbers (Areas)**

Whilst secondary numbers have been increasing over the last few years, secondary school forecasts now show a slight decrease in pupil numbers between the forecast years Sept 2025 and Sept 2030 for the county as a whole. It should again be noted that the impact of new housing is not taken into account in those forecasts. There will be pressure on places resulting from rising numbers in specific localities across the county and in some areas current supply levels will not be sufficient.

Grammar schools have offered a significantly higher number of places to Year 7 pupils from out of county in recent intake years than has been the case in previous years. As a consequence, a significant number of additional places have had to be secured, at short notice, at other schools in Gloucester and Cheltenham for those local pupils that may normally attend a grammar school.

In Cheltenham, the demand for Year 7 places has been growing and a new secondary school, The High School Leckhampton opened in its permanent accommodation in September 2022.

Year 7 numbers across Gloucester city have been rising gradually, with demand exceeding supply in some areas by 2020 and across the whole district by 2023.

In the Tewkesbury planning area, forecasts suggest that intake numbers will increase slightly by 2028. Recent expansions at Cleeve School and Winchcombe School are forecast to be able to provide sufficient capacity for this increase.

We continue to explore options to increase capacity in our secondary sector, with the co-operation of our secondary leadership teams.

In the Forest of Dean, the legacy of surplus places means that in most cases, the extra places that will be needed will be accommodated contained within existing schools.

A number of secondary schools have already been expanded or will be expanded to meet expected demand including Cleeve Secondary School, Winchcombe Secondary School, The Cotswold School and the Grammar Schools. The large strategic site to the north of Cheltenham at Uckington will provide a new secondary school as part of the S106 agreement. Demand for secondary places in the Gloucester area is expected to rise gradually throughout the 2020s decade. If all of the proposed housing development is delivered to the current timescales, then, there will eventually be a shortfall of secondary places that requires an extra 6FE on a permanent basis. This is not expected to be needed until after 2030 and will be kept under review.

### **Post 16 Numbers**

Post 16 places are predominantly within local academy 6<sup>th</sup> forms or local FE college provision. The number of Post 16 places has reduced for a number of years but with the introduction of new legislation requiring all young people to be in education, employment or training until the age of 19, the numbers are rising again.

### **Specialist Provision**

There continues to be a steady increase in the number of children and young people with Education Health and Care Plans (EHCP) in Gloucestershire. Further analysis of the expected need and growth of demand is ongoing to assess how best to meet the needs, preferably close to where they live within mainstream or specialist provisions.

## **Conclusion**

For the next five years we expect to see a steady decrease in overall demand for primary places. However, there are likely to be some local increases, predominantly in more urban areas where there is new housing development.

There will be a continuing rise in demand for secondary places, but lower numbers will start to feed in at Year 7 towards the end of the forecasting period. The Local Authority will continue to monitor pupil forecasts each year and increase availability of places at existing schools or in new schools where necessary as currently outlined in the Implementation Plan.

The Local Authority will respond to planning applications as they arise and where we have insufficient capacity in schools.

## **Context**

### **A1 Statutory duties**

Gloucestershire County Council has a statutory duty to plan the provision of school places and to ensure there are sufficient appropriately located places for all 4 to 16-year-old young people in the county. This includes the provision of suitable accommodation to support the promotion of high educational standards, ensuring an admissions process to allocate school places and ensure vulnerable learners get fair access to educational opportunities. The council as the local authority manages the impact of rising and declining pupil numbers and helps to create a diverse community of schools. This document has been prepared as a planning tool to respond to the continuing need to review the number and nature of school places alongside any new housing developments, any changes in the birth rate, migration and in line with any government policy change.

A core ambition of Gloucestershire County Council is that all children and young people living in Gloucestershire are entitled to the highest quality education so that they are able to fulfil their potential. Through the commissioning of school places, as outlined in the School Places Strategy, the aim is to produce an effective match between pupils and places by providing an infrastructure of high quality school buildings and facilities, where all schools, regardless of status, are of an appropriate size and standard to deliver the curriculum effectively.

It should be noted that use of the term 'school' throughout this document refers to schools of all status including Academies, UTC's, and Free Schools etc.

### **A2 What is the School Places Strategy?**

Commissioning is the overall process by which services are planned and delivered. This Strategy pulls together the information required to form a strategic view of the need for mainstream school places across Gloucestershire and provides a revised and updated policy framework for considering statutory proposals (opening, closing and defining the size of schools); implementing new school competition arrangements and encouraging free school proposals where needed; facilitating the development of collaborative and federated arrangements and where appropriate and there is capacity to do so encouraging all through school models.

To be effective, the commissioning process requires the strategic planning of services based on an analysis of need, a set of policies and principles by which decisions will be made and well defined processes for the implementation of proposals. The Strategy therefore sets out demographic trends in Gloucestershire, including a summary of major new house building, details of current school and post-16 provision, an analysis of the latest pupil projections, emerging proposals and guiding policies and principles upon which decisions will be informed.

### **A3 Who is this Strategy for?**

This Strategy is intended to help key stakeholders and partners in Education, including the Local Authority, schools, governors, trustees, parents, the churches, local communities, housing developers, business and other providers of education, to understand what mainstream and specialist school places are needed in Gloucestershire, both now and in the future, and how they might be provided.

### **A4 Geographical and population context**

The planning and organisation of school places in the Local Authority (LA) is a complex task, not least because of the size and diversity of the county.

Gloucestershire is a predominately a rural county, with two large urban areas in Gloucester and Cheltenham. It has a population of approximately 637,070<sup>2</sup>, with almost 40% living in these two urban districts; the remaining population is spread across a large rural area. There are 12 areas of Gloucestershire in the most 10% deprived nationally for the current overall Indices of Multiple Deprivation (IMD) that were published in 2019, a decrease from 13 areas in 2015. These 12 areas account for 29,593 people (3.1% of the county population<sup>3</sup>).

LSOA (Lower Super Output Area) Name	District	IMD national rank
PODSMEAD 1	Gloucester	621
MATSON AND ROBINSWOOD 1	Gloucester	735
WESTGATE 1	Gloucester	1183
KINGSHOLM AND WOTTON 3	Gloucester	1456
WESTGATE 5	Gloucester	1579
St MARK'S 1	Cheltenham	2178
MORELAND 4	Gloucester	2221
St PAUL'S 2	Cheltenham	2368
CINDERFORD WEST 1	Forest of Dean	2729
TUFFLEY 4	Gloucester	2801
MATSON AND ROBINSWOOD 5	Gloucester	2948
BARTON AND TREDWORTH 4	Gloucester	3126

The Armed Forces have some light presence, particularly in South Cerney, Fairford and Innsworth. There are approximately 2,330 serving military personnel, including 380 civilians, based in the county.<sup>4</sup>

Gloucestershire County Council is a two tier Authority, comprising six district councils. Gloucestershire borders seven counties, **Herefordshire** to the northwest, **Wiltshire** (including Swindon) to the south, **Bristol** (including South Gloucestershire) and **Somerset** to the south west, **Worcestershire** to the north, **Oxfordshire** to the east, **Warwickshire** to the northeast, and the Welsh county of **Monmouthshire** to the west. Gloucestershire is a largely rural area encompassing many natural and historic features which make it distinctive, including Areas of Outstanding Natural beauty, the Royal Forest of Dean, the River Severn, over 1128 listed buildings, over 260 conservation areas. Including all of Cheltenham town, Gloucestershire also includes the Cotswold Way and significant green belt area. Deprivation is generally low and communities benefit from safe environments. Gloucestershire enjoys strong sub-regional links and is within commutable distance of London, Bristol, Swindon, South Wales and the south coast. Gloucestershire is made up of two large urban settlements, several market towns and numerous villages and small settlements reflecting the rural nature of the county. The two large settlements are the historic cathedral city of Gloucester to the west of the county and the Spa Town of Cheltenham to the east of the county.

---

<sup>4</sup> Mid year population estimates 2019  
 ii Overall index of Multiple Deprivation 2019

Gloucestershire has a considerable variety of school buildings in terms of age and type. The Designation of Rural Primary Schools (England) 2014 Order came into force on 1 October 2014 which determines that 90 of Gloucestershire's primary schools are 'rural' with a presumption against their closure.

## **A5 Major contextual issues**

Gloucestershire County Council faces two specific issues in managing school places:

- The demographic trend in the school population age range is largely driven by the birth rate – births in Gloucestershire averaged approximately 6,800 births per calendar year between 2011 and 2021.
- The pressure on primary school places since 2012 has been significant and will continue to be so as the higher numbers feed through primary and secondary education. These figures do not account for the high number of children moving into the county due to migration, house moves, army relocations etc. All these issues are covered in more detail under the school organisation and planning issues section of the document.
- Significant housing development across the county – 42,730 new homes delivered across the county between 1992 and 2009/10. The six district councils have varying timescales for future delivery of additional housing up to 2031. The Joint Core Strategy (JCS) has outlined a further 35,446 homes, of these 14,360 for Gloucester, 10,917 for Cheltenham and 10,169 for Tewkesbury between 2011 and 2031. Stroud have published the need for 11,400 new homes between 2006 and 2031. Cotswolds have published the need for 9614 new homes between 2011 and 2031 and Forest of Dean have published the need for 6200 between 2006 and 2026. Many of these developments are predominately concentrated around the outskirts of the two urban areas however there are pockets of new development being approved in more rural towns and villages in particular in the Cotswolds, resulting in the need for additional school places or the take up of remaining surplus places. The timing of some of these developments is uncertain but the extent of housing is detailed in the District plans for Stroud, Cotswold and Forest of Dean together with the Gloucestershire JCS which covers Cheltenham, Tewkesbury and Gloucester.

Gloucestershire County Council, the Diocese of Gloucester and Clifton, the Education and Skills Funding Agency (ESFA) and the governing bodies/trusts of schools and academies are all key partners and have important roles in school place planning. With 295 schools and nearly 88,000 pupils to consider, finding workable strategies for planning sufficient school places is demanding and challenging for all concerned.

Planning for school places is based on probabilities and while pupil projections are derived from sound data and methodology they are often influenced by external factors such as sociological and economic changes, parental preference for certain schools, new Government policy and the need to raise standards. Planning must also respond to internal and external findings on the quality of schools as well as the need to ensure that limited resources are used efficiently.

Gloucestershire County Council will need to respond to changes in demand over time by:

- Negotiating the expansion of (or increasing the PAN of) existing schools and academies (where sites allow)
- Commissioning new schools as academies/free schools
- Improving facilities at existing schools (when resources are available)
- Reducing places at existing schools to ensure that provision matches demand

- Closing and amalgamating schools as well as facilitating federation when numbers fall.

The School Places Strategy provides comprehensive information on school place planning in the county and outlines how the local authority, in securing the provision of primary, secondary and special education, will support the promotion of:

- Raising standards
- Improved outcomes for all pupils
- Diversity of provision
- Increased collaboration between schools
- Greater community cohesion.

The Strategy provides the context for the future organisation and commissioning of school places in each secondary school pyramid - defined as the primary schools which feed into a specific secondary school or town - or Multi Academy Trust in Gloucestershire and sets out the principles needed when planning school places. It will help Gloucestershire schools, academy trusts, sponsors, parents and local communities to understand the rationale behind the provision of school places and establish future demands. The Strategy will be reviewed and updated biennially to ensure provision continues to be matched with demand.

The anticipated scale of expansion of population in Gloucestershire will require the review of school provision in a number of areas. The timescale and order of priority for such reviews is significantly influenced by the districts individual housing strategies, changes in the birth rate and migration etc.

## **B Policies and Principles Relevant to the Provision of School Places**

### **B1 Corporate Aims**

Gloucestershire County Council's vision is to improve outcomes for children and young people in Gloucestershire, in particular vulnerable children, to promote safeguarding, reduce the effects of child poverty and enable resilient individuals, families and communities.

Gloucestershire County Council states that more children and young people will be educated in high quality buildings as a result of the implementation of the vision. This can only be achieved by careful management of the estate, of school place supply and of funding streams such as:

- Maintenance (Schools Condition funding) and Basic Need capital allocations
- Targeted Capital e.g. Priority School Building Programme (PSBP)
- High Needs Capital allocations
- School contributions and Devolved Formula Capital funding
- Developer contributions – Section 106, CIL and other capital receipts.

### **B2 Principles of School Place Planning**

#### **Pupil Forecasting - How we project pupil numbers**

The County Council has a good record of actively planning school places to ensure that supply is in line with forecast demand and that parents are given the best possible chance of securing a place at one of their preferred schools. The planning cycle - the process of forecasting, review and change – is a continual one.

The County Council produces pupil projections for individual schools across both the primary and secondary school phases. Bespoke automated systems generate figures in the early stages of the process. To inform the process of forecasting primary school numbers, the County Council uses health data to track the numbers of births and location of pre-school age children across the county.

The pre-school age population is projected into primary school rolls according to trend-based intake patterns at each school.

Secondary school forecasts are calculated by projecting forward the Year 6 cohort, also according to trend-based intake patterns. If the size of the Year 6 cohort is forecast to rise, the projected Year 7 cohort size at Secondary schools will also be forecast to rise.

Pupil forecasts are compared with school capacities to give the projected surplus or deficit places. It is important to note that where a deficit is identified within the next few years, work will already be underway to address the situation.

The forecasting process is trend-based, which means that relative popularity and intake patterns from the previous five years are assumed to continue throughout the forecasting period. The annual refresh offers an opportunity to take account of recent changes in these trends.

The County Council receives information from the six district councils about expected levels of new housing through the yearly Housing Audits and local Core Strategies. This is the most accurate reflection of short, medium and long term building projects at the local level. Where a large development is expected, compared with little or no previous housing-building in the area, a manual adjustment to the forecasts may be required to reflect the likely growth in pupil numbers more accurately.

The pupil yield rate is the expected number of pupils generated by new house-development. We have recently commissioned a review of our pupil yields, to provide up-to-date evidence of the number of children arising from new developments. A public consultation will be held later this year on any changes proposed to the pupil yield rate.

In the meantime, the pupil yield from housing developments across the county will be applied for each 100 dwellings according to the Position Statement on Pupil Product Ratios<sup>5</sup> as follows:

- 30 Primary school children
- 14.7 Secondary school children (11-16)
- 5 Post 16 children (17-18)

Forecasting future demand for school places can never be absolutely accurate given the broad assumptions which have to be made about movements in and out of any given locality, the pace of individual developments, patterns of occupation and not least the parental preference for places at individual schools. This will be a function of geography, school reputation, past and present achievement levels and the availability of alternative provision, hence the need to review on an annual basis.

In areas where pupil numbers are increasing the LA will identify where additional places may be required, either by expanding existing schools or by commissioning new schools on new sites within the community.

As a local authority (LA), Gloucestershire County Council is responsible for planning and providing sufficient school places in appropriate locations. To do so the LA must monitor the supply of school places against forecasts of future demand. The size of the revenue budget for distribution to all schools is determined by pupil numbers. This means that where pupil

---

<sup>5</sup> <https://www.gloucestershire.gov.uk/media/urbpezxj/ppr-position-statement-april-2024.pdf>

numbers reduce schools may have insufficient budget to maintain standards and retain and recruit teachers, particularly head teachers. By taking out surplus places and facilitating the closure or amalgamation of schools that are unviable, the LA can ensure effective overall provision within an area and within the school system.

School place planning and ensuring schools are of the right size for the future enables (where appropriate) surplus space to be considered for alternative uses, including community purposes, although surplus space in our urban areas is almost non-existent. Accommodation released can be re-allocated to a wide variety of purposes including additional early years and childcare places, health care, libraries, adult and children's services bases and community facilities.

Falling rolls in some rural areas have already necessitated the closure or amalgamation of some village primary schools. The LA would consider the concept of 4 to 19 'All-through' schools to serve some areas, particularly where numbers of secondary pupils are lower and a local school could serve the whole community or where school sites are more limited. Where possible the use of extensive transport to alternative schools will be avoided so that our limited funds can be devoted to other educational purposes.

The LA will, in all cases, consult with the head teacher, staff, governors, academy trustees, the relevant Diocesan Authority (where appropriate) and the local community where any major re-organisation or closure of provision is proposed. Such factors as the number of available and required places, school performance, the condition and suitability of the school buildings as well as parental choice, community issues and resources available will be considered in respect of both general and specific place planning.

### **B3 School Performance**

Raising achievement for all learners is one of the key priorities for the LA and all school planning decisions should support and promote the improvement of educational standards. This means that the performance of an existing school, or group of schools, is an important factor to be taken into consideration when proposals to add or remove capacity or make other structural changes are being formulated. Any proposals for reviewing school organisation will take account of OFSTED inspection reports and other relevant performance data on the school(s) involved. Although in some more rural areas there may only be one school to serve the community.

The LA works with head teachers and governors to ensure that schools and settings are supported in the development and planning of facilities in the form of information, advice and guidance to improve outcomes for young people and support high quality learning.

### **B4 Place Planning - School Planning Areas**

The planning of school places in Gloucestershire is based on the geographical areas defined by the secondary school catchments and feeder schools aligned to them. These are the same demographic planning areas that the council is required to report on annually to the Department for Education (DfE) to inform future capital basic need allocations.

Place planning can be influenced by parental preference in terms of selecting a school. Applications for school places are considered in line with the relevant Admission Authority Admission Policy and over-subscription criteria.

### **B5 Access and Diversity - Categories of schools**

Gloucestershire has a wide diversity of mainstream school provision with:

- Community schools (infant, junior, primary, secondary and special)
- Voluntary Aided schools (primary and secondary)
- Voluntary Controlled schools (infant, junior and primary)
- Foundation schools (infant, junior, primary and secondary)
- Academies/Free Schools (primary, secondary, special, UTC and Post 16).

As at October 2022 there are 185 maintained schools and 111 academies/free schools in Gloucestershire giving a total of 296 schools overall. The table below gives a breakdown of schools in Gloucestershire by category.

Category	Primary	Secondary	Special	Total
<b>Community</b>	84	1	4	<b>89</b>
<b>Foundation</b>	15	4		<b>19</b>
<b>Academy</b>	65	35	6	<b>106</b>
<b>Voluntary Aided</b>	36			<b>36</b>
<b>Voluntary Controlled</b>	41			<b>41</b>
<b>Free School</b>	3	1 (UTC)	1	<b>5</b>
<b>Total</b>	<b>244</b>	<b>41</b>	<b>11</b>	<b>296</b>

## Encouraging Diversity

The County Council is committed to providing children and young people with equal access to high quality education provision. It recognises that local communities are diverse and supports the local management of schools to help reflect this diversity. Schools need to serve their local community so if the needs of the community are best served by some specialisation or federated/trust type governance then the County Council will support it. Gloucestershire County Council is committed to maintaining the current diversity of provision and extending it where possible.

The development of new schools, including the academy conversion programme, is co-ordinated by members of the Education Planning and Infrastructure Team. The County Council is supportive of schools as self-governing institutions and is committed to raising standards. The LA believes if schools can work collaboratively with other schools to improve the life chances of all children and young people within the local area then this will support the raising of standards.

The current pattern of school provision includes several schools with a religious foundation and/or background. The Diocesan authorities work closely with Gloucestershire County Council in the planning of school places to provide opportunities for parents to express a preference for denominational education.

## B6 Re-organisation of Schools

### Primary Schools

The preferred size for new primary schools is within the range of 420 places to 630 places (2FE to 3FE) and Gloucestershire County Council will only seek to open new primary schools of full or half forms of entry.

Where a new primary phase school is required this will be built as an all through primary school, rather than separate infant or junior schools. The County Council will continue to

seek opportunities to amalgamate separate infant and junior schools where the combined numbers are less than 420 and the sites lend themselves to a single institution.

The County Council recognises the government's presumption against the closure of rural schools and will only bring forward proposals to close a village school where it can be demonstrated that one or more of the following criteria can be met:

- There is only very limited demand for places at the school from children living within the designated area.
- Surplus places at the school exceed 25%.
- Standards are low and there is little confidence in the likelihood of improvement.
- Recruitment of a head teacher has not proved possible.
- The necessary improvements to the school accommodation are either not possible or not cost effective.
- The school has a deficit budget without realistic prospects of recovery.

For all schools with fewer than 90 pupils on roll Gloucestershire County Council will actively encourage the governors of the school to consider further collaboration and ultimately federation or amalgamation with one or more neighbouring schools or by joining a Multi Academy Trust.

## **Secondary Schools**

The optimum size for an 11 to 16 secondary school is 900 (6FE) to 1,200 (9FE) pupils. Gloucestershire County Council however recognises that provision in some communities may fall outside the ideal size of secondary school and demand for additional places could be met either by expanding existing schools, if there is sufficient capacity on the site, or by new provision located within a new housing community.

Gloucestershire secondary school provision includes grammar or selective and two faith schools as an option for students transferring to Y7. In the autumn term, Y6 pupils are invited to sit an entry test for grammar schools. There are five selective single sex grammar schools and two selective co-ed grammar schools in Gloucestershire places are open to all students both in county and across county borders, subject to meeting the criteria.

All of the grammar schools have recently increased in capacity and there are now a total of 1,050 selective places in Year 7.

The schools are:

- Pates Grammar School (Co-educational) – Cheltenham
- Marling School (Boys) – Stroud
- Stroud High School (Girls) – Stroud
- Denmark Road High School (Girls) – Gloucester
- Ribston Hall High School (Girls) – Gloucester
- Sir Thomas Rich's School (Boys) – Gloucester
- The Crypt Grammar School (Co-educational) – Gloucester

Gloucestershire secondary provision also includes a Catholic secondary school located in Gloucester which attracts pupils from across the county, subject to meeting the admission criteria. All Saints' Academy in Cheltenham is a Church of England school in the Diocese of Gloucester, it has a single-academy trust and has a non-selective admissions policy, admitting pupils of all faiths and none. The mix of secondary provision on offer to Gloucestershire pupils and also pupils from out of the county adds to the complex process of forecasting and planning for school places at Y7 intake.

## Special Schools

Demand for special school places continues to rise across the county. Special schools need to be of sufficient size to provide appropriate facilities and opportunities to meet the needs of the range of pupils they admit and to act as resource and outreach centres for other schools and pupils. Their size will depend on the age range of pupils and the type/nature of special educational needs that they cater for. Work is currently ongoing to review special needs provision across the county to ensure future demand can be met moving forward.

There are currently 11 maintained special schools and academies in Gloucestershire. These have been commissioned to capacity to provide 1,339 places across the county and meet the needs of pupils with a wide range of need types from early years to post 16 provision. Brook Academy, a new 80 place special school to meet the needs of pupils between the ages of 11 and 16 with SEMH (Social, Emotional and Mental Health) needs opened in September 2022 and expansion work is currently underway at Heart of the Forest Community School, Coleford to provide support for 10 SEMH primary pupils. In addition Sladewood Academy, a new 60 place primary special school will open in Stroud from September 2023 and will cater for the growing need for primary aged specialist provision.

The county also has six resource bases that provide 80 places. These consist of one secondary Communication and Interaction Centre, four primary aged Communication and Interaction Centres and one primary aged SEN resource base.

The county has submitted bids for two new special free schools in the government's wave 15 bidding round and the outcome should be known in spring 2023. Additionally capital funding for High Needs places has been received and this will be used to provide additional specialist capacity in the next couple of years.

Further information on specialist provision can be found in GCC's SEND Commissioning Strategy, which is available at the link below

[www.gloucestershire.gov.uk/media/4xbbvliu/approved-send-commissioning-strategy-jan-2020.pdf](http://www.gloucestershire.gov.uk/media/4xbbvliu/approved-send-commissioning-strategy-jan-2020.pdf)

## School Size

Whilst the County Council does define optimum sizes for schools it recognises that there will be many schools falling outside this range which provide excellent education. Factors that can affect the size of a school include local population, site constraints, availability of funding and deployment of revenue resources.

Gloucestershire County Council will plan to provide school places in schools of sizes which promote:

- Sufficient curriculum coverage and, where appropriate, adequate curriculum choice
- Viable and sustainable schools which do not require disproportionate financial support and may attract DFE capital funding
- Viable class organisation structures
- Adequate non-contact time for staff
- Meet the needs of the local community

## B7 Academy Free Schools

Academy free schools are publicly funded schools which operate outside of council control. A key difference is that they are funded directly by central government, instead of receiving their funds via the council.

Some academy free schools are sponsored, while some schools simply converted to academy/free status without a sponsor. From the point of view of the county council, all academies and free schools form part of our overall school provision and in that sense, they are no different from the maintained schools. The County Council coordinates the admissions system and allocation of places for all schools, including academies.

Academy free schools will be eligible to receive S106 developer contributions but will be required to adhere to the established protocol with regard to the use of the funding.

Where the LA considers there is a need for a new school in its area it must seek proposals to [establish a free school](#). The LA is responsible for providing the site for the new school and meeting all associated capital and pre-/post-opening costs. All new free school proposals require the Secretary of State's approval and it is the Secretary of State who will enter into a Funding Agreement with the sponsor.

The Secretary of State will consider the assessments and preferences of the LA carefully before determining and approving the preferred sponsor for the new school. However, he reserves the right to put in place a sponsor of his own choice.

#### The role of the Regional Department for Education Directors

The Regional Department for Education Directors (RDD) for South-West England is responsible for making decisions about the academies and free schools in Gloucestershire.

RDDs are responsible for approving and monitoring academies and free schools in their area on behalf of the Secretary of State for Education.

Their main responsibilities are to:

- monitor the performance of the academies in their area
- take action when an academy is underperforming
- decide on the development of new academies
- address underperformance in local-authority-maintained schools through sponsored academy arrangements
- make recommendations to ministers about free school applications
- encourage organisations to become academy sponsors
- approve changes to open academies, including:
  - changes to age ranges
  - mergers between academies
  - changes to multi-academy trust arrangements

When the LA is seeking to establish a new school in their area, they must seek expressions of interest from parties who would like to be the sponsor of that school. The LA can make recommendations to the RDD of their preferred sponsor from those who have expressed an interest, but the decision is ultimately his/hers on behalf of the Secretary of State.

An academy is a public funded independent school; (not maintained by a LA) accountable to the Department for Education (DfE) and funded directly by the Education and Skills Funding Agency (ESFA). Academies directly employ staff and have freedoms to set their own pay and conditions of service, are free to deliver the curriculum as they see fit and can vary the length of school terms and the length of the school day. Academies must follow the same admissions guidance, exclusion processes and meet the statutory processes for pupils with Special Educational Needs (SEN) however they may set their own admissions criteria. Academies are inspected by OFSTED using the same framework as other state funded schools.

The LA works closely with the RDD to ensure all new school proposals including bids for new Free Schools are supported by approved academy trusts that understand the needs and aspirations of the community.

## **B8 Location of New Schools**

The fundamental aim in planning school places is to provide places near to where children live, to meet parental preferences as far as possible; to locate schools at the heart of their communities and to minimise travel to school distances. Gloucestershire County Council believes that where additional school places are needed because of new housing development, as far as possible the costs should fall on the landowners and/or developers, by way of contributions falling within the concept of planning obligations. Gloucestershire has an agreed methodology for calculating the infrastructure needs arising from new development and a policy for requesting contributions from developers and for the use of such funding is in place.

It is Gloucestershire County Council policy that new primary schools should be provided, wherever possible, within major new housing developments. The site should ideally be within a 2 mile walking distance of most of the development and Gloucestershire County Council will seek, through the planning processes, to provide for safe routes to school for pedestrians and cyclists. Sites of a suitable size for future expansion if required will be sought, this may require the LA to purchase additional safeguarded land in addition to the land supplied by the developer to ensure that the school can be expanded in the future to maintain the location where the school can provide a natural focus for the local community, possibly in association with other local facilities such as shops or other community buildings.

Where a new secondary school is planned, a site will be sought that provides safe pedestrian and cycling routes and, because of the longer distances travelled, good access for those pupils arriving by public and school transport. To discourage the use of private cars, schools are expected to prepare and maintain a Travel Plan. Additional land may be sought to futureproof any expansion needs.

Gloucestershire County Council recognises the importance of considering distance of travel from home to school when planning new developments to reduce dependence on subsidised bus travel and encourage safe walking and cycling to school.

### **Home to School Travel**

Gloucestershire County Council has a statutory requirement to ensure that children aged 4-16 are able to access compulsory school age education. Transport assistance for most students aged over 16 is a discretionary provision only. Different arrangements are in place for children with special educational needs, where support with travel to school is stated in their Education and Health Care Plan (EHCP).

To meet this requirement Gloucestershire County Council will encourage the use of walking and cycling. Where this is not an option Gloucestershire County Council's 4-16 Home to School Transport policy will provide travel assistance to entitled children who are able to travel to a maintained school or academy by public transport. Students aged over the age of 16 years are not entitled to receive free transport to their school/college. However, Gloucestershire County Council will continue to meet best practice expectations set out within Home to School Travel and Transport Guidance.

More information on the Home to School Transport Policies can be found at [www.gloucestershire.gov.uk/schooltransport](http://www.gloucestershire.gov.uk/schooltransport) .

The key challenges that Gloucestershire County Council has in terms of providing access to compulsory education are summarised as follows:

- Providing truly flexible choices for young people is a challenge for the Council
- Managing down the costs of school transport within the context of a growing population and increasing fuel costs

- Ensuring new housing growth areas are well connected by walking and cycling routes (where appropriate) to minimise demand on school services provided under statutory regulation
- Encouraging young people to take up active modes where convenient as a substitute for car use through means such as Safer Routes to School, Bike It and cycle training. This will help form positive lifetime travel habits amongst the future generation

### **Expected Policy Outcomes**

The implementation of the Home to School Transport policy will ensure that all children in Gloucestershire are able to access compulsory school age education, which will result in the increased use of more active and sustainable forms of travel which will develop into positive travel habits and that will continue on with the next generation of transport users in Gloucestershire.

Detailed information can be found at the following links

The overarching strategy can be accessed here: <https://www.gloucestershire.gov.uk/transport/gloucestershires-local-transport-plan-2020-2041/gloucestershire-ltp-2020-2041/>

The bus policy document here: <https://www.gloucestershire.gov.uk/transport/gloucestershire-bus-strategy/>

## **B9 Capital Investment**

It is recognised that pupils benefit from high quality learning environments and equipment. Capital investment priorities are based on requirements to:

- Provide sufficient places to meet the needs of local communities
- Provide healthy and safe environments
- Meet curricular and organisational needs
- Enhance physical access to buildings
- Replace temporary accommodation with permanent where possible
- Implement key strategic initiatives.

Gloucestershire County Council uses condition surveys alongside net capacity assessments to determine investment priorities for the schools it remains responsible for. Where basic need expansion is required, government grant, council resources and developer contributions are used to fund the necessary capital investment alongside any centrally acquired monies through a national bidding process. Capital resources are however becoming increasingly stretched. Condition work in Academies and Free Schools is no longer the responsibility of the Local Authority and these schools receive capital funding direct from the ESFA.

At present, there are two main funding streams allocated by Department for Education (DfE) for school building projects - one which is solely for maintenance (Schools Condition Allocation) and the other is for the provision of additional pupil places (Basic Need). The School Rebuilding Programme (SRP) is a separate Education and Skills Funding Agency (ESFA) funding stream which invites bids for the replacement or substantial refurbishment of school buildings in the worst condition.

## **B10 Accessibility of School Buildings**

Improving access to education and securing educational achievement for pupils with a disability is essential to ensure equality of opportunity, full participation in society, access to employment opportunities and inclusion within mainstream schools.

Gloucestershire's inclusion vision is that every disabled child and young person in the county should achieve their potential educationally, socially and in their personal life. The SEND and Inclusion Strategies are a core component in realising this vision. They are available at the link below

<https://www.gloucestershire.gov.uk/education-and-learning/special-educational-needs-and-disabilities-send-and-education-inclusion-strategies/send-and-education-inclusion-strategies-2022-25/>

Gloucestershire County Council is committed to increasing the accessibility of schools, wherever possible and where reasonable adaptations can be made, for wheelchair users and pupils with sensory impairment.

This does not mean however that every school will be fully accessible as older buildings may not be able to be adapted for full access. All new schools are designed to be fully accessible in line with latest DDA legislation and guidance.

## **B11 Special Schools**

There is a continued growth in children and young people in Gloucestershire who have an Education Health and Care Plan (EHCP[1]) and this number is expected to continue to rise due to a combination of population growth, improving medical care for children with complex health issues and increasing numbers of children being diagnosed with additional needs or on the autistic spectrum.

The aim of Gloucestershire County Council is to provide the required level of support for as many of young people as possible within mainstream settings and within the child's local community. Where this is not possible, suitable special school provision will be made available.

Further detailed information on SEN specialist commissioning and place planning, can be found by following the link below

[www.gloucestershire.gov.uk/media/4xbbvliu/approved-send-commissioning-strategy-jan-2020.pdf](http://www.gloucestershire.gov.uk/media/4xbbvliu/approved-send-commissioning-strategy-jan-2020.pdf)

## **B12 Provision for Permanently Excluded Students**

Gloucestershire County Council has a duty to ensure that any child permanently excluded from school has access to full-time education through alternative provision.

In Gloucestershire we have two Alternative Provision Schools (APS) to meet this duty: Gloucester & Forest APS (GFAPS) and Severn Valley School (SVS). The Council plans to move to a single Alternative Provision School, which will bring the existing APS together from September 2023 at the new Altus School. Places are commissioned to meet the needs of excluded children and, in exceptional circumstances, for those whom no other maintained school provision can be secured. In the 2019/20 academic year we commissioned 216 places at the APS.

The High Needs Strategy and the SEND Commissioning Strategy both identified that the APS structure and the offer required some change. The guiding principles for this include lower level of provision for primary aged pupils (following a new approach to meeting the needs of children on the verge of exclusion within primary school clusters/hubs), a more focused APS offer assisting children to return to mainstream school in a planned way, and a

longer-term alternative provision option for those excluded children who require a different pathway to mainstream KS4 education.

Provision for primary aged pupils will now be offered on different sites to that of secondary pupils and two sites have been identified and are currently being developed. Further information on GCC's High Needs Strategy and SEND Commissioning Strategy can be found via the link below

[www.gloucestershire.gov.uk/media/4xbbvliu/approved-send-commissioning-strategy-jan-2020.pdf](http://www.gloucestershire.gov.uk/media/4xbbvliu/approved-send-commissioning-strategy-jan-2020.pdf)

### **B13 Expansion of Schools**

DfE guidance gives a strong emphasis towards the expansion of successful and popular schools where possible. Gloucestershire County Council is committed to examining ways of increasing parental choice in school admissions and ensuring places are located where parents want them, ideally serving the local community. In a more rural county, it can sometimes be difficult to provide diversity, when there is only one school serving a local community, however, as the population continues to grow, the council will seek to meet the increasing demand wherever school places can be expanded or provided new in local communities.

### **B14 Schools in the Wider Community**

Gloucestershire County Council recognises that schools should act as a focus for the local community in a way that extends beyond the education of children who attend the school. The council recognises the importance of schools engaging with their local communities to promote social inclusion and community cohesion as an integral part of ensuring success for all children. This is particularly important for communities with a high proportion of vulnerable families.

In co-operation with agencies and other organisations, many schools have facilities which are made available to the wider community including sports and leisure complexes, ICT facilities, playgroups, childcare facilities, adult education and youth provision. School facilities are increasingly being made available for evening, weekend and holiday use making more effective use of the resources available.

### **B15 Admissions Policy - Access to Education**

#### Admissions Policy

The Coordinated Admissions Team administers Gloucestershire's admissions scheme when children start Reception class, move from Infant to Junior and move from Primary to Secondary School.

All applications to move school at any other time are called 'In Year' admissions, and these applications are managed by schools directly, and the Access to Education In-Year team at Shire Hall will offer advice and guidance to parents and schools. The In-Year team also works in conjunction with schools and alternative provision school providers with the admission of hard to place pupils under the Fair Access Protocol, which is used to ensure these pupils are placed in a school quickly and with the appropriate support.

There is a wide range of admissions authorities as each academy, free, foundation or voluntary aided schools determine their own Admission Policy. The Admissions Team co-ordinates all applications to place more than 17,000 children in schools each year, including those moving into the county. The In-Year team processes up to 6,500 applications per year. The knowledge, understanding and data that the team holds contributes to successful school organisation and place planning. Admissions statistics, produced annually, are used to

support the school place planning process, ensuring that sufficient places are provided to meet parental preference where possible.

In recent years there has been a significant increase in the number of In Year admissions from children arriving in Gloucestershire from overseas, such as the Homes for Ukrainians and the Ukrainian Families Schemes. These additional admissions have added pressure to the demand for school places at short notice.

Admissions authorities, including the LA, must have regard to the Admissions Code in determining their admission arrangements, which includes expansions and contractions of school capacities. Up to date details of the Gloucestershire schools' admissions processes can be found on the Gloucestershire County Council website via the following link:

<https://www.gloucestershire.gov.uk/education-and-learning/school-admissions/>

## **B16 Early years and childcare**

In Gloucestershire, all three and four-year-old children are currently entitled to 30 hours funded part-time nursery education if parents are working.

Funded places are available in a range of settings such as pre-schools, full day-care nurseries, independent schools, private nursery schools and with childminders. Access to funding early education by providers is dependent on the setting's OFSTED judgment. Settings can be school located or privately run and many preschools in Gloucestershire are run by the voluntary sector. They are often situated on school sites and use is also made of local facilities such as community and church halls and through private accommodation. The government also provides part-time education for the most disadvantaged two year olds in the county and 76% of eligible 2 year olds claimed 15 hours' funded early education per week in autumn term 2022.

## **B17 Post 16 Provision**

Gloucestershire County Council has a statutory duty to commission sufficient and suitable education and training provision to meet the reasonable needs of all young people in their area, by influencing and shaping provision through local partnerships and by identifying gaps, enabling new provision and developing the market. The young people covered by this statutory duty are those aged 16-19 and those aged 19-25 who have a learning difficulty and/or disability and are the subject of an EHCP.

There are a number of Post 16 settings situated within Gloucestershire:

- Three FE colleges including one sixth form college (16-25)
- 26 Mainstream School Sixth Forms (16-19)
- Three Maintained Special School Sixth Forms (16-19)
- One University Technology College (14-19)
- Three Special Post 16 Institutions (16-25)
- Three Private Partnership Post 16 Training Providers (16-25)

In addition, Gloucestershire County Council commissions a small number of places at independent special schools to meet the needs of young people with profound learning difficulties.

Gloucestershire County Council is committed to working in partnership with all providers to review and develop education provision in the county. Collaborative projects between schools, academies, college and work-based learning providers will continue to underpin this approach in Gloucestershire.

In all cases the aim of the Gloucestershire County Council will be to develop plans which ensure adequate, high quality facilities are available to support learners aged 14 to 19 (25).

## **C School Organisation and Planning Issues**

### **C1 Influencing Factors**

The key factors likely to have the greatest influence on managing school places across the county over the next 5 years include the fluctuating birth rate, housing development, home education, post pandemic demography, internal and overseas migration and the presence of the Armed Services in Gloucestershire.

#### **Birth Rate**

The demographic trend in the school population age range is largely driven by the birth rate, and similarly to national figures the number of births has generally increased since 2007.

Births in Gloucestershire averaged 6,641 births per year between academic years 2009/10 and 2018/19, with high numbers in 2011/12 and 2015/16. The pressure on primary school places since 2011 has been significant but is forecast to ease in future years as the birth rate has started to decline.

In addition, the oldest children from these peak years began to feed into secondary education from September 2016 with a bulge in 2023 but then drop again in some areas.

Year of birth	2011/12	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19	2019/20	2020/21
Number	6,829	6,678	6,618	6,594	6,833	6,542	6,515	6,257	5,800	6,138

Source: ONS Live Births

### Comparison - Births to NOR

Year of birth	Number of births	Year of entry	Reception pupils	Reception numbers as a % of births
2008/09	6,492	2013/14	6,449	99.3
2009/10	6,761	2014/15	6,672	98.7
2010/11	6,784	2015/16	6,770	99.8
2011/12	6,829	2016/17	6,894	101.0
2012/13	6,678	2017/18	6,730	100.8
2013/14	6,618	2018/19	6,594	99.6
2014/15	6,594	2019/20	6,530	99.0
2015/16	6,833	2020/21	6,726	98.4
2016/17	6,542	2021/22	6,520	99.7

It is interesting to note that that in 2016 and 2017 Reception entry figures have been higher than the corresponding birth figures. Prior to that there were fewer which was assumed to be as a result of parents choosing home schooling and independent schools.

## Housing Development

The Joint Core Strategy supporting Cheltenham, Gloucester and Tewkesbury districts along with the individual local plans of the three other districts of Stroud, Cotswolds and Forest of Dean sets out the housing totals and phasing for each community area. The density of housing development varies considerably across the county as outlined in the table below:

<b>Locality</b>	<b>Number of Houses Allocated in Local Plans and JCS</b>
Lydney	1900
Coleford	650
Rest of Forest of Dean across 6 sites	827
Cinderford / Ruspidge Northern Quarter	1050
Innsworth/ Twigworth	2295
South Churchdown	1100
North Brockworth (Perry Brook)	1500
North West Cheltenham (Elms Park)	4285
West Cheltenham	1100
Winnycroft	620
Leckhampton (Farm Lane)	377
Stroud Gloucester Fringe (Hunts Grove)	2500
West of Stonehouse	1350
Berkeley	300
North East Cam	450
Stroud Valleys across 7 sites	450
Chesterton	2350
Moreton	400
Bourton on the Water	300
Fairford across 5 sites	400
Mickleton across 3 sites	200
Rissington	368
<b>TOTAL</b>	<b>24,772</b>

The scale of the programme of work required to provide additional school places for the houses identified above should not be underestimated 24,772 (approx. 21,000 yet to be built) dwellings across the county roughly represents 10,157 primary and 4,955 11-16 places and 1,734 post 16 places secondary places across Gloucestershire in the period from 2006 to 2031 based on current pupil product ratios.

In addition, the council is aware of other large developments that could come forward which are not in the current local plans, whilst these may or may not come to fruition the information we have, should they happen, will help us to make more strategic decisions around securing land, ensuring Gloucestershire County Council owned land is kept available and looking at future proofing new schools by ensuring the site size is sufficient for the school to expand in the future. We are also in early discussions with the City Council regarding the impact of two potential and significant regeneration projects in the city. All four local plans are at various stages, the JCS has been adopted which covers three county districts, Stroud's Local Plan has just been updated, as has the Cotswolds Plan with the Forest of Dean plan adopted in 2012.

It is important that we work with local planning districts on their housing allocations as this is required for annual national statistical returns on school places (SCAP). In producing the pupil forecasts for each area, account is taken of known housing allocations and planning permissions. It must be recognised, however, that the actual rate at which new housing is built depends on a mixture of economic and social factors. In forecasting the likely additional pupil product from such new housing, account will therefore need to be taken of changes in the age and household composition of the population and varying build out rates.

## C2 Population Overview

Gloucestershire is predominantly a rural county, but has the two significant urban areas of Cheltenham and Gloucester. The approach of the LA to school place planning must therefore be designed to support dispersed populations in rural areas, those resident in small towns and the larger populations concentrated in the urban areas. The tables below show there has been a significant increase in both Gloucestershire's overall demographic population and that of school populations since 2015 with further increases projected. The effect of the upturn in the economy following the most recent recession and its impact on the housing market, and thus population mobility, will continue to be monitored throughout the period of this plan. The growth has been more significant in the primary phase for the past few years however that growth is now moving into the secondary phase and we will need to expand secondary school places.

### Gloucestershire total population overview

Year	2016	2017	2018	2019	2020	2021	Difference 2016-2021	% Difference 2016-2021
Totals	623,094	628,139	633,558	637,070	640,650	646,627	23,533	3.78%

Source: ONS Mid-year estimates.

### Gloucestershire school population data 2014 to 2019 (includes Post 16)

Year	2016	2017	2018	2019	2020	2021	Difference 2016-2021	% Difference 2016-2021
Primary	46,625	47,311	47,501	47,377	47,398	47,306	681	1.46%
Secondary	38,002	38,265	38,763	39,464	40,448	41,433	3,431	9.03%
Special	1,050	1,091	1,156	1,209	1,304	1,371	321	30.57%
Overall	85,677	86,667	87,420	88,050	89,150	89,937	4,260	4.97%

### School population comparison to PAN

Year	2016	2017	2018	2019	2020	2021	% Average overall surplus places
Primary NOR	46,625	47,311	47,501	47,377	47,398	47,306	
Total Primary Net Capacity	50,623	51,220	51,957	53,091	53,050	53,119	9.4%
Secondary NOR	38,002	38,265	38,763	39,464	40,448	41,433	
Total Secondary Net Capacity	42,054	43,663	44,329	45,488	46,620	47,938	12.5%

### Primary school numbers by year group as at October 2022

Year Group	R	Y1	Y2	Y3	Y4	Y5	Y6	Total
Number	6,522	6,532	6,821	6,684	6,843	6,858	7,074	47,334

Source: School Census, Gloucestershire Schools - October 2022

Primary pupil numbers have been increasing since 2011 and appear to have reached a plateau, with overall numbers forecast to decrease steadily over the next few years. These increased pupil numbers are now moving up through the secondary schools which are now presenting pressures to secondary admissions. There is a one-year bulge in the September 2023 Year 7 intake, with numbers returning to the previous trend from 2024 onwards.

Gloucestershire County Council recognises the changes in birth rate and the need to plan for the extra places where there is no capacity, but will keep places under constant review as the full impact of a changing birth rate, migration and more housing becomes clearer.

### Secondary school numbers by year group as at October 2022

Year Group	Y7	Y8	Y9	Y10	Y11	Y12	Y13	Total
Number	7,497	7,364	7,112	7,228	6,694	3,449	3,148	42,492

Source: School Census, Gloucestershire Schools - October 2022

There was a decline in secondary school numbers historically as smaller cohorts prior to 2011 moved up from primary school. However, numbers have steadily begun to rise with much higher numbers forecast to exceed the previous capacity in 2023/24, which supported the need for a new secondary school to open in Cheltenham in 2021 and further secondary expansions around the county.

Although these tables give the overall picture in the county there will be significant variations between each district of the county, the list below summarises this.

## County District Map

DATE: 28-Aug-2018 SCALE: 1:343,881 You are not permitted to copy, sub-license, distribute or sell any of this data to third parties in any form

- **Forest of Dean:** In general, there are surplus places across the Forest of Dean schools. However, large strategic housing development that is underway in Lydney will impact primary provision and will require the local school to expand by at least 1FE. A large strategic development is proposed in Cinderford North Quarter that would impact primary provision locally and the LA is monitoring its development.
- **Tewkesbury:** New housing located at Twigworth and Innsworth will require additional school places for both primary and secondary and due to the size of the development will require new primary schools. The large settlement at Bishop's Cleeve has given rise to significant demand for primary school places and despite all local schools having permanently expanded, further places will be required. Planning for a new primary school is underway. Housing developments in Winchcombe have put pressure on places and the secondary school has been expanded.
- **Cotswold:** There have been significant housing developments throughout the Cotswolds. The Chesterton strategic site will eventually provide a new 3FE primary school and expand local secondary provision. Other developments at Mickleton, Rissington, Fairford, Moreton, and Bourton, are being supported by expansions to the local schools for both primary and secondary.
- **Stroud:** In general we have a small surplus of places; however a large strategic development at Stonehouse has required a new 2FE primary school which opened in 2021. A large housing development at Northwest Cam will also require additional school places and we are in discussion with developers as to how this will be accommodated.
- **Cheltenham:** Demand for secondary places in the south of Cheltenham has led to the planning and delivery of a new 6FE Secondary school, which opened in Sept 2021 and in new accommodation in Sept 2022.

- **Gloucester:** A strategic review was completed highlighting the demand for primary and secondary places in Gloucester which remains a hotspot. Two local primary schools expanded permanently by 1FE each for 2019. Having opened a new 2FE free school in Quedgeley, a second school at Hunts Grove moved to new premises and expanded to 2FE in 2020 in line with the new housing development.
- It is interesting to note that on the border of Gloucester district but in the Tewkesbury planning area we are in discussions with developer's agents in connection with developments in Twigworth, Innsworth and Churchdown, which are large strategic developments that will require a new primary school and expansions of existing schools of up to 3.5FE to meet demand for places.

Recent government figures reveal that, nationally, the primary school population, which has been rising since 2009 peaked in 2019 and the figures have been dropping since then. This is primarily due to the continued reductions in the birth numbers since 2013, although the larger drop in 2021 may have been connected to the pandemic. There are projected to be approx. 4.1m primary school pupils in England in 2028, down 532,000 from the population in 2022.<sup>6</sup>

In contrast, the national secondary school population is projected to continue rising until 2024, followed by a gradual drop to the end of the projection period. There are projected to be approx. 3.2m secondary school pupils in England in 2028, up 37,000 from the population in 2022.<sup>7</sup>

A summary analysis of the projections and issues in key areas is provided at section D. Please refer to each of the individual areas appended to this document for more detailed information.

## FOREST OF DEAN DISTRICT

### D1 Tidenham

There are 4 primary age schools in the Tidenham area and 1 secondary school catering for the 11 to 19 age range. The nearest special school in Gloucestershire is the Heart of the Forest School; however some pupils may opt to go to the provision in Monmouth (Over Monnow Primary) this is a primary provision only.

You are not permitted to copy, sub-license, distribute or sell any of this data to third parties in any form

Scale: 1:70,000

Primary	DFE	Type	District
Offas Mead Academy	2006	Academy sponsor led	Forest of Dean
St. Briavels Parochial C of E Primary School	3344	Voluntary aided school	Forest of Dean
Tutshill C of E Primary School	3074	Voluntary controlled school	Forest of Dean
Woolaston Primary School	2114	Community school	Forest of Dean

The Wyedean School is main secondary school serving the Tidenham area.

Secondary	DFE	Type	District
Wyedean School	5415	Academy converter	Forest (S)

### Births in Tidenham

The number of births in the Tidenham area has seen a decrease in recent years.

Tidenham	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
<b>Birth Rates Over Time</b>	87	90	76	98	77	60

### Primary pupil place demand in Tidenham

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

There has been little change in terms of the overall capacity in local primary schools in the Forest of Dean area.

. There have been no PAN changes in the Tidenham planning area in recent years. Recent housing developments close to Tutshill and Offa's Mead have led to increased demand for places. A small amount of S106 developer's contributions has been secured for Tutshill School, the LA is in discussion with both Tutshill and Offa's Mead Primary Schools as additional capacity of approximately 0.5FE of permanent places may be required. Tutshill School, the school site is limited and expansion may not be possible, however Offa's Mead is closely located to Tutshill and this site could be expanded.

Wyedean Secondary School serves the Tidenham area.

Tutshill has a small a local housing development nearby, however the site is restricted in how much it can expand. Offa's Mead nearby is able to support a 0.5FE expansion and plans are being drawn up as to how this could be achieved if it is needed.

Tidenham is close to the Welsh border and receives applications from children living in Wales. Housing in Chepstow could impact further on schools in this planning area. In addition, the Army base at Beachley Barracks home to the 1st Rifles Light Infantry also causes some fluctuation to school numbers as families move with the regiment. Woolaston Primary School increased its Planned Admission Number (PAN) to 30 from 27 in September 2018.

### Issues for Primary School Provision from 2025

The table uses figures calculated by projecting forward the birth rate and the likely take up of places based on past trends, it also shows capacity and anticipated demand for places of the Tidenham area schools listed above:

Primary place demand in : Tidenham Planning Area 9161100

YEAR	Reception				Total School					
	PAN	Total NOR in Reception (including students from housing)	Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)	Surplus - Shortfall Places	% Surplus Shortfall Places		
2019/20	110	94	16	15%	770	656	114	15%		
2020/21	110	89	21	19%	770	641	129	17%		
2021/22	110	74	36	33%	770	617	153	20%		
2022/23	110	93	17	15%	770	632	138	18%		
2023/24	110	82	28	25%	770	593	177	23%		
2024/25	110	74	36	33%	770	573	197	26%		
2025/26	110	73	(1)	34%	770	553	(3)	217	28%	
2026/27	110	61	(2)	45%	770	538	(8)	232	30%	
2027/28	110	51	(2)	54%	770	498	(14)	272	35%	

There are approximately 45 dwellings identified in the Forest of Dean housing trajectory to be built in the Tidenham area. This would generate approximately 14 primary aged pupils over the forecast period.

Assuming the birth rate continues at the average rate for the past four years and the housing in the area is delivered as planned there are forecast to be sufficient places for the whole of the forecast period until 2027/28.

### Secondary pupil place demand in Tidenham

The Wyedean School is the main secondary school serving the Tidenham area. Estimates of the future need for secondary places is based on the number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The following chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Tidenham planning area. 85% of the pupils attending a primary school in the Tidenham area were allocated Wyedean School in the 2024 round

Information on Secondary Place Planning relating to Tidenham planning area can be found from page 235 to page 236.

### Tidenham Implementation Plan

<b>Short term – 1 to 2 years</b> <b>Academic Years</b> <b>2025/26 – 2026/27</b>	<b>Medium term – 3 to 5 years</b> <b>Academic Years</b> <b>2027/28 – 2029/30</b>	<b>Long term – 5 to 10 years</b> <b>Academic Years</b> <b>2030/31 – 2035/36</b>
No action required.	No action required.	Monitor new housing delivery in the planning area to consider the need for a permanent increase of 0.5FE at Offa’s Mead Primary School

## D2 Lydney

There are 8 primary age schools in the Lydney area and 1 secondary school catering for the 11 to 16 age range. For sixth form The Royal Forest of Dean Five Acres College offers a number of post 16 options as well as post 16 provisions in the nearby community areas at Newent or opt to travel into Cheltenham or Gloucester for other sixth forms and college options. A new college provision opened in Cinderford from 2018. The nearest special school in Gloucestershire is the Heart of the Forest School; however some pupils may opt to go to the provision in Monmouth (Over Monnow Primary) this is a primary provision only.

Primary	DFE	Type	District
Aylburton C of E Primary School	3018	Academy converter	Forest of Dean
Bream Church of England Primary	2104	Academy sponsor led	Forest of Dean
Lydney C of E Community School	3048	Academy converter	Forest of Dean
Parkend Primary School	2108	Community school	Forest of Dean
Pillowell Community Primary School	2109	Community school	Forest of Dean
Primrose Hill Church of England Primary Academy	2010	Academy sponsor led	Forest of Dean
Severnbanks Primary Academy	5216	Academy converter	Forest of Dean
Yorkley Primary School	2110	Community school	Forest of Dean

The 4 Secondary schools serving the Forest Central Area are listed below:

Secondary	DFE	Type	District
Dene Magna School	5422	Academy converter	Forest (C)
Five Acres High School	4009	Academy sponsor led	Forest (C)
The Dean Academy	4005	Academy sponsor led	Forest (C)
SGS Forest High School	4006	Academy sponsor led	Forest (C)

### Births in Lydney

The number of births in the Lydney area has been fairly stable over the last few years with a notable bulge in 2022/23.

Lydney	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
<b>Birth Rates Over Time</b>	149	169	168	153	183	170

### Primary pupil place demand in Lydney

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

- Severnbanks Primary admitted an additional 20 pupils as a temporary bulge class in 2020.

Almost all of the additional places needed arise from the local housing developments that are proposed in the Forest of Dean Allocation Plan and include significant development around

Severnbanks School and smaller developments in the Bream area. S106 funding has been secured from local housing developments for future expansion of Severnbanks School and the Local Authority is working with the academy trust to agree timing of the expansion.

The Secondary school for this area is The Dean Academy; there are sufficient places at the local secondary school to support the forecast demand for places.

The table below provides historic information and future estimates for the total number of available primary places in the Reception year (the “Published Admission Number” or PAN) compared with the actual or forecast number of pupils in that year. This gives the number of spare places across the primary school planning area (a negative figure shows a shortage of places compared with the PAN).

### Issues for Primary School Provision from 2025

The following table shows the number of pupils in the primary age range across the Lydney area based on the birth rate and the percentage of surplus places by age cohort both retrospectively and forecast.

Primary place demand in : Lydney Planning Area 9161110

YEAR	Reception				Total School					
	PAN	Total NOR in Reception (including students from housing)	Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)	Surplus - Shortfall Places	% Surplus Shortfall Places		
2019/20	177	167	10	6%	1254	1134	120	10%		
2020/21	197	184	13	7%	1274	1163	111	9%		
2021/22	177	160	17	10%	1274	1181	93	7%		
2022/23	177	171	6	3%	1274	1186	88	7%		
2023/24	177	172	5	3%	1274	1207	67	5%		
2024/25	177	167	10	6%	1259	1193	66	5%		
2025/26	177	150	(3)	27	15%	1259	1195	(15)	64	5%
2026/27	177	180	(5)	-3	-2%	1259	1215	(32)	44	3%
2027/28	177	170	(7)	7	4%	1239	1208	(49)	31	3%

There are approximately 164 dwellings identified in the Forest of Dean housing trajectory to be built in the Lydney area. This would generate approximately 49 primary aged pupils over the forecast period.

Assuming the birth rate continues at the average rate for the past four years, and the housing is delivered as planned, this increase in demand can be accommodated in the short term. Pupil numbers attending schools in Lydney area will be monitored closely in the coming years and additional accommodation is planned for Severnbanks Primary Academy at the end of the forecast period.

### Secondary pupil place demand in Lydney

The Dean Academy is the main secondary school serving the Lydney area. Estimates of the future need for secondary places is based on the expected number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of parental choice, pupils moving to independent schools and schools in other areas.

The following chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Lydney planning area. 75% were allocated The Dean Academy School, 9% were allocated to Wyedean School and 11% were allocated to Five Acres High School.

Information on Secondary Place Planning relating to Lydney planning area can be found from page 232 to page 234

### Lydney Implementation Plan

<p><b>Short term – 1 to 2 years</b></p> <p><b>Academic Years</b> <b>2025/26 – 2026/27</b></p>	<p><b>Medium term – 3 to 5 years</b></p> <p><b>Academic Years</b> <b>2027/28 – 2029/30</b></p>	<p><b>Long term – 5 to 10 years</b></p> <p><b>Academic Years</b> <b>2030/31 – 2035/36</b></p>
<p>No action required.</p>	<p>Agree timing of a 1FE expansion at Severnbanks with the academy trust. Continue to monitor housing developments in the area close to the school.</p>	<p>No action required.</p>

### D3 Coleford

There are 8 primary age schools in the Coleford area of which one school is an infant and junior school pair. 1 secondary school caters for the 11 to 16 age range. For sixth form The Royal Forest of Dean Five Acres College offers a number of post 16 options as well as post 16 provisions in the nearby community areas at Newent or opt to travel into Cheltenham or Gloucester for other sixth forms and college options. A new college provision opened in Cinderford from 2018. The nearest special school in Gloucestershire is the Heart of the Forest School; however, some pupils may opt to go to the provision in Monmouth (Over Monnow Primary) this is a primary provision only.

The 4 Secondary schools serving the Forest Central area are listed here:

Secondary	DFE	Type	District
Dene Magna School	5422	Academy converter	Forest (C)
Five Acres High School	4009	Academy sponsor led	Forest (C)
The Dean Academy	4005	Academy sponsor led	Forest (C)
SGS Forest High School	4006	Academy sponsor led	Forest (C)

### Births in Coleford

The number of births in the Coleford area has fluctuated in recent years; dropping sharply in 2020/21 and again in 2023/24.

Coleford	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
Birth Rates Over Time	114	138	87	113	106	94

### Primary Pupil Place demand in Coleford

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

Forecasts show fluctuating demand for places however there is sufficient capacity across primary schools to accommodate this demand and maintain a surplus of places. Approximately 2 FE of additional pupils are expected to arise from the local housing developments proposed in the Forest of Dean Allocation Plan. These pupils can be absorbed in the spare capacity at the existing schools.

The local secondary school is Five Acres High School. There is currently no anticipated impact on secondary provision as increased numbers can be accommodated within the existing provision.

The table below provides historic information and future estimates for the total number of available primary places in the Reception year (the “Published Admission Number” or PAN) compared with the actual or forecast number of pupils in that year. This gives the number of spare places across the primary school planning area (a negative figure shows a shortage of places compared with the PAN).

### **Issues for Primary School Provision from 2025**

The following table shows the number of pupils in the primary age range across the Coleford area based on the birth rate and the percentage of surplus places by age cohort both retrospectively and forecast.

YEAR	Reception					Total School				
	PAN	Total NOR in Reception (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	168	119		49	29%	1191	1007		184	15%
2020/21	168	145		23	14%	1191	1003		188	16%
2021/22	168	143		25	15%	1191	1027		164	14%
2022/23	168	114		54	32%	1176	979		197	17%
2023/24	168	130		38	23%	1176	958		218	19%
2024/25	168	112		56	33%	1176	913		263	22%
2025/26	168	114	(3)	54	32%	1176	907	(17)	269	23%
2026/27	168	125	(4)	43	26%	1176	912	(22)	264	22%
2027/28	168	104	(4)	64	38%	1176	870	(22)	306	26%

Overall, there are 73 houses identified in the Forest of Dean housing trajectory to be built in the Coleford area, should all of this housing come forward it is predicted to generate approximately 22 Primary aged pupils in the forecast period. Therefore, we will continue to monitor housing coming forward and make requests for S106 developer’s contributions where necessary to ensure we have sufficient primary places locally.

### Secondary Pupil Place demand in Coleford

The Five Acres High School is the secondary school serving the Majority of the Coleford community area. Estimates of the future need for secondary places is based on the expected number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of parental choice, pupils moving to independent schools and schools in other areas.

Bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Coleford planning area. 84% were allocated Five Acres High School and 8 % were allocated The Dean Academy .

## Secondary School Allocated 2024

Information on Secondary Place Planning relating to Coleford planning area can be found from page 232 to page 234.

### Coleford Implementation Plan

<b>Short term – 1 to 2 years</b>  <b>Academic Years</b> <b>2025/26 – 2026/27</b>	<b>Medium term – 3 to 5 years</b>  <b>Academic Years</b> <b>2027/28 – 2029/30</b>	<b>Long term – 5 to 10 years</b>  <b>Academic Years</b> <b>2030/31 – 2035/36</b>
Monitor demand for secondary places; currently surplus places.	No action required.	No action required.

## D4 Brooks Dean

There are 4 primary age schools in the Brooks Dean area and 1 secondary school catering for the 11 to 16 age range.

For sixth form The Royal Forest of Dean Five Acres College offers a number of post 16 options as well as post 16 provisions in the nearby community areas at Newent. A new college provision opened in Cinderford in 2018.

The nearest special school in Gloucestershire is the Heart of the Forest School; however some pupils may opt to go to the provision in Monmouth (Over Monnow Primary) this is a primary provision only.

The Dean Academy	4005	Academy sponsor led	Forest (C)
SGS Forest High School	4006	Academy sponsor led	Forest (C)

### Births in Brooks Dean

The number of births in the Brooks Dean area has fluctuated in recent years rising again in 2023/24.

Brooks Dean	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
Birth Rates Over Time	50	55	45	55	45	51

### Primary Pupil Place demand in Brooks Dean

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

- Lydbrook Primary School reduced their PAN from 20 to 15 from Sept 23

Forecasts show a steady rise in demand for places however there is sufficient capacity across the primary schools to accommodate this demand and maintain a surplus of places. There are a number of small housing developments in this area; however, there is spare capacity in the local schools.

The local secondary school is Dene Magna Academy whilst there is sufficient capacity available to meet the demand. Dene Magna is a popular choice of school and attracts pupils from surrounding areas of the Forest.

The table below provides historic information and future estimates for the total number of available primary places in the Reception year (the “Published Admission Number” or PAN) compared with the actual or forecast number of pupils in that year. This gives the number of spare places across the primary planning area (a negative figure shows a shortage of places compared with the PAN).

### Issues for Primary School Provision from 2025

The following table shows the number of pupils in the primary age range across the Brooks Dean area based on the birth rate and the percentage of surplus places by age cohort both retrospectively and forecast.

Primary place demand in :                      Brooks Dean    Planning Area    9161200

YEAR	Reception				Total School					
	PAN	Total NOR in Reception (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	72	57		15	21%	504	432		72	14%
2020/21	72	45		27	38%	504	412		92	18%
2021/22	72	45		27	38%	504	385		119	24%
2022/23	72	68		4	6%	504	407		97	19%
2023/24	67	60		7	10%	504	410		94	19%
2024/25	67	51		16	24%	504	396		108	21%
2025/26	67	55		12	18%	504	401		103	20%
2026/27	67	54		13	19%	504	404		100	20%
2027/28	67	56		11	16%	504	410		94	19%

Overall, there are 0 houses identified in the Forest of Dean housing trajectory to be built in the Brooks Dean area, should all of this housing come forward it is predicted to generate approximately 0 primary aged pupils in the forecast period. Therefore we will continue to monitor housing coming forward and make requests for S106 developer’s contributions where necessary to ensure we have sufficient primary places locally.

### Secondary pupil place demand in Brooks Dean

Dene Magna School and Five Acres High School are the main secondary schools serving the Brooks Dean area. Estimates of the future need for secondary places is based on the number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas. The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Brooks Dean planning area. 70% of the pupils attending a primary school in the Brooks Dean area were allocated Dene Magna School and 26% allocated Five Acres High school in the 2024 round

Information on Secondary Place Planning relating to Brooks Dean planning area can be found from page 232 to page 234

### Brooks Dean Implementation Plan

<b>Short term – 1 to 2 years</b> <b>Academic Years</b> <b>2025/26 – 2026/27</b>	<b>Medium term – 3 to 5 years</b> <b>Academic Years</b> <b>2027/28 – 2029/30</b>	<b>Long term – 5 to 10 years</b> <b>Academic Years</b> <b>2030/31 – 2035/36</b>

## D5 Longhope / Mitcheldean

© Crown Copyright and database rights 2022, Ordnance Survey 100019134  
 You are not permitted to copy, sub-license, distribute or sell any  
 of this data to third parties in any form

Scale: 1:30,000

There are 3 primary age schools in the Longhope/Mitcheldean area and 1 secondary schools catering for the 11 to 16 age range.

For sixth form The Royal Forest of Dean Five Acres College offers a number of post 16 options as well as post 16 provisions in the nearby community areas at Newent. A new college provision opened in Cinderford in 2018. The nearest special school in Gloucestershire is the Heart of the Forest School; however some pupils may opt to go to the provision in Monmouth (Over Monnow Primary) this is a primary provision only.

Primary	DFE	Type	District
Hope Brook C of E Primary School	2184	Academy converter	Forest of Dean
Huntley Church of England Primary School	3328	Voluntary aided school	Forest of Dean
Mitcheldean Endowed Primary School	3338	Voluntary aided school	Forest of Dean

The 4 Secondary schools serving the Forest Central area are listed here:

Secondary	DFE	Type	District
Dene Magna School	5422	Academy converter	Forest (C)
Five Acres High School	4009	Academy sponsor led	Forest (C)
The Dean Academy	4005	Academy sponsor led	Forest (C)
SGS Forest High School	4006	Academy sponsor led	Forest (C)

### Births in Longhope / Mitcheldean

The number of births in the Longhope area has remained fairly stable over the last three years.

Longhope / Mitcheldean	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
Birth Rates Over Time	52	33	48	43	38	42

### Primary Pupil Place demand in Longhope / Mitcheldean

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

A number of small housing developments are proposed in the Allocation Plan for this area. Timing is uncertain, but the anticipated numbers are included in the forecasts. There are no issues anticipated with regard to capacity here.

The local secondary school is Dene Magna; whilst there are sufficient places available to meet the demand. Dene Magna is a popular choice of school and attracts pupils from surrounding areas of the Forest.

## Issues for Primary School Provision from 2025

The following table shows capacity and anticipated demand for places at the Longhope / Mitcheldean area schools listed above.

Primary place demand in : Longhope / Mitcheldean Planning Area 9161210

YEAR	Reception				Total School					
	PAN	Total NOR in Reception (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	59	53		6	10%	413	414		-1	0%
2020/21	59	60		-1	-2%	413	406		7	2%
2021/22	59	54		5	8%	413	408		5	1%
2022/23	59	56		3	5%	413	404		9	2%
2023/24	59	50		9	15%	413	403		10	2%
2024/25	59	58		1	2%	413	405		8	2%
2025/26	59	46	(1)	13	22%	413	396	(6)	17	4%
2026/27	59	46	(2)	13	22%	413	388	(9)	25	6%
2027/28	59	52	(2)	7	12%	413	378	(9)	35	8%

Overall, there are 30 houses identified in the Forest of Dean housing trajectory to be built in the Mitcheldean area, should all of this housing come forward it is predicted to generate approximately 9 Primary aged pupils. Therefore, we will continue to monitor housing coming forward and make requests for S106 developer's contributions where necessary to ensure we have sufficient primary places locally.

## Secondary pupil place demand in Longhope / Mitcheldean

Dene Magna School is the main secondary school serving the Longhope / Mitcheldean area. Estimates of the future need for secondary places is based on the number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Longhope / Mitcheldean planning area. 73% of the pupils attending a primary school in the Longhope / Mitcheldean area were allocated Dene Magna School and 20% were allocated the Newent Community School in the 2024 round.

Information on Secondary Place Planning relating to Longhope/Mitcheldean planning area can be found from page 232 to page 234

## Longhope / Mitcheldean Implementation Plan

<b>Short term – 1 to 2 years</b> <b>Academic Years</b> <b>2025/26 – 2026/27</b>	<b>Medium term – 3 to 5 years</b> <b>Academic Years</b> <b>2027/28 – 2029/30</b>	<b>Long term – 5 to 10 years</b> <b>Academic Years</b> <b>2030/31 – 2035/36</b>
No action required.	No action required.	No action required.

## D6 Cinderford

There are 5 primary age schools in the Cinderford area and 2 secondary schools catering for the 11 to 16 age range. For sixth form The Royal Forest of Dean Five Acres College offers a number of post 16 options as well as post 16 provisions in the nearby community areas at Newent or opt to travel into Cheltenham or Gloucester for other sixth forms and college options. A new college provision opened in Cinderford from 2018. The nearest special school in Gloucestershire is the Heart of the Forest School; however some pupils may opt to go to the provision in Monmouth (Over Monnow Primary) this is a primary provision only.

Primary	DFE	Type	District
Forest View Primary	2061	Academy converter	Forest of Dean
Littledean Church of England Primary School	3044	Voluntary controlled school	Forest of Dean
Soudley Primary School	2066	Community school	Forest of Dean
St Whites Primary School	2065	Community school	Forest of Dean
Steam Mills Primary School	2067	Community school	Forest of Dean

The 4 Secondary schools serving the Forest Central area are listed here:

Secondary	DFE	Type	District
Dene Magna School	5422	Academy converter	Forest (C)
Five Acres High School	4009	Academy sponsor led	Forest (C)
The Dean Academy	4005	Academy sponsor led	Forest (C)
SGS Forest High School	4006	Academy sponsor led	Forest (C)

### Births in Cinderford

The number of births in the Cinderford area has risen between 2019/20 and 2022/23 with a decline for 2023/24.

Cinderford	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
<b>Birth Rates Over Time</b>	133	116	122	136	149	135

### Primary pupil place demand in Cinderford

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

Housing development at Cinderford Northern Quarter is expected to generate increased demand in the area, when it comes forward. However timescales for this is currently unknown.

There is sufficient capacity in the planning area to meet demand throughout the forecasting period.

The Forest High School is the local secondary school. There is currently no anticipated impact on secondary provision as increased numbers can be accommodated within the school.

The following table shows the number of pupils in the primary age range across the Cinderford area based on the birth rate and the percentage of surplus places by age cohort both retrospectively and forecast.

### Issues for Primary School Provision from 2025

The table uses figures calculated by projecting forward the birth rate and the likely take up of places based on past trends. However, they do not include the pupil product from any housing that has yet to be completed.

Primary place demand in : Cinderford Planning Area 9161220

YEAR	Reception					Total School				
	PAN	Total NOR in Reception (including students from housing)	Surplus - Shortfall Places	% Surplus - Shortfall Year R	Total Places	Total (including students from housing)	Surplus - Shortfall Places	% Surplus - Shortfall Places		
2019/20	148	127	21	14%	1036	946	90	9%		
2020/21	148	133	15	10%	1036	952	84	8%		
2021/22	148	132	16	11%	1036	935	101	10%		
2022/23	148	107	41	28%	1036	916	120	12%		
2023/24	148	119	29	20%	1036	864	172	17%		
2024/25	148	100	48	32%	1036	844	192	19%		
2025/26	148	134	(2)	9%	1036	855	(8)	17%		
2026/27	148	135	(3)	9%	1036	876	(16)	15%		
2027/28	148	122	(3)	18%	1036	866	(19)	16%		

Overall, there are 63 houses identified in the Forest of Dean housing trajectory to be built in the Cinderford area, should all of this housing come forward it is predicted to generate approximately 19 Primary aged pupils in the forecast period. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request.

### Secondary Pupil Place demand in Cinderford

Dene Magna School and the Forest High School are the main secondary schools serving the Cinderford area. Estimates of the future need for secondary places is based on the number

of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Cinderford planning area. 45% were allocated Dene Magna School, 31% were allocated the Forest High School, 11% were allocated Five Acre High School and 10% were allocated The Dean Academy in the 2024 round.

Information on Secondary Place Planning relating to Cinderford planning area can be found from page 232 to page 234

### Cinderford Implementation Plan

<b>Short term – 1 to 2 years</b> <b>Academic Years</b> <b>2025/26 – 2026/27</b>	<b>Medium term – 3 to 5 years</b> <b>Academic Years</b> <b>2027/28 – 2029/30</b>	<b>Long term – 5 to 10 years</b> <b>Academic Years</b> <b>2030/31 – 2035/36</b>
No action required.	No action required.	Monitor progress of the Cinderford Northern Quarter development and assess any need for additional places.

## D7 West Severn

There are 7 primary age schools in the West Severn area and 2 secondary schools catering for the 11 to 19 age range. The nearest special school in Gloucestershire is the Heart of the Forest School; however some pupils may opt to go to the provision in Monmouth (Over Monnow Primary) this is a primary provision only.

Picklenash Junior School	5203	Foundation school	Forest of Dean
Redmarley C of E Primary Academy	3064	Academy converter	Forest of Dean

The Secondary School serving the Newent area is listed here:

Secondary	DFE	Type	District
Newent Community School and Sixth Form Centre	5411	Academy converter	Forest (N)

## Births in Newent

The number of births in the Newent area has fluctuated in recent years with a peak in 2022/23.

## Primary Pupil Place demand in Newent

Normally, the need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

Forecasts for this area indicate a pattern of overall growth from housing development in and around Newent.

Redmarley C of E Primary School increased their PAN from 12 to 15 in 2022

Newent Community School is the local secondary school. There is currently no anticipated impact on secondary provision as increased numbers can be accommodated within the school.

## Issues for Primary School Provision from 2025

The table below is the current best estimate of provision required across Newent planning area taking account of current birth data and predicted housing. The figures are calculated by projecting forward the birth rate, the likely take up of places based on past trends and the pupil product from any housing that has yet to be completed.

Primary place demand in :                      Newent    Planning Area    9161240

YEAR	Reception					Total School				
	PAN	Total NOR in Reception (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	102	80		22	22%	720	590		130	18%
2020/21	102	86		16	16%	720	604		116	16%
2021/22	102	79		23	23%	720	622		98	14%
2022/23	105	80		25	24%	720	598		122	17%
2023/24	105	90		15	14%	720	619		101	14%
2024/25	105	96		9	9%	720	628		92	13%
2025/26	105	93	(4)	12	11%	720	647	(24)	73	10%
2026/27	105	110	(5)	-5	-5%	720	686	(31)	34	5%
2027/28	105	102	(5)	3	3%	720	689	(31)	31	4%

Overall, there are over 102 houses identified in the Forest of Dean housing trajectory to be built in the Newent area, should all of this housing come forward it is predicted to generate approximately 31 primary aged pupils in the forecast period. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request

## Secondary Pupil Place demand in Newent

Newent Community School is the main secondary school serving the Newent planning area. Estimates of the future need for secondary places is based on the number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The bar chart above shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Newent planning area. 87% were allocated Newent Community School in the 2024 round.

Information on Secondary Place Planning relating to Newent planning area can be found from page 230 to page 231

Newent Community School and Sixth Form Centre	5411	Academy converter	Forest (N)

## Births in Hartpury

The number of births in the Hartpury area has risen between 2019/20 and 2022/23 followed by a decline in 2023/24.

## Primary Pupil Place demand in Hartpury

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

Newent Community School is the local secondary school. There is currently no anticipated impact on secondary provision as increased numbers can be accommodated within the school.

## Issues for Primary School Provision from 2025

The following table shows the number of pupils in the primary age range across the Hartpury area based on the birth rate and the percentage of surplus places by age cohort both retrospectively and forecast including anticipated pupil product.

YEAR	Reception				Total School					
	PAN	Total NOR in Reception (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	41	31		10	24%	287	245		42	15%
2020/21	41	35		6	15%	287	241		46	16%
2021/22	38	34		4	11%	266	231		35	13%
2022/23	38	39		-1	-3%	266	238		28	11%
2023/24	38	35		3	8%	266	233		33	12%
2024/25	38	30		8	21%	266	229		37	14%
2025/26	41	37	(3)	4	10%	266	245	(14)	21	8%
2026/27	41	48	(4)	-7	-17%	266	261	(18)	5	2%
2027/28	41	35	(4)	6	15%	266	255	(18)	11	4%

Overall, there are 11 houses identified in the Forest of Dean housing trajectory to be built in the Hartpury area, should all of this housing come forward it is predicted to generate approximately 3 primary aged pupils in the forecast period in addition 50 houses were identified in the Tewkesbury housing trajectory should all of this housing come forward it is predicted to generate approximately 15 primary aged pupils in the forecast period. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request

## Secondary Pupil Place demand in Hartpury

Newent Community School in the Forest North area is the main secondary school serving the Hartpury planning area. Estimates of the future need for secondary places is based on the number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Newent planning area. 69% were allocated the Newent Community School in the 2024 round.

Information on Secondary Place Planning relating to Hartpury planning area can be found from page 230 to page 231.

## Hartpury Implementation Plan

## TEWKESBURY DISTRICT

### D10 Tewkesbury / Ashchurch

There are 10 primary age schools in the Tewkesbury Ashchurch area including one infant and junior school pair. There is one secondary school catering for the 11 to 19 age range. There is one special school, Alderman Knight, in the area.

Primary	DFE	Type	District
Ashchurch Primary School	2040	Community school	Tewkesbury
Carrant Brook Junior School	2174	Academy sponsor led	Tewkesbury
Deerhurst and Apperley C of E Primary School	3030	Voluntary controlled school	Tewkesbury
Mitton Manor Primary School	2125	Academy converter	Tewkesbury
Northway Infant School	2119	Academy converter	Tewkesbury
Queen Margaret Primary Academy	2163	Academy sponsor led	Tewkesbury
Tewkesbury C of E Primary School	3073	Voluntary controlled school	Tewkesbury
The John Moore Primary School	2180	Community school	Tewkesbury
Tirlbrook Primary School	5208	Foundation school	Tewkesbury
Twyning School	2101	Community school	Tewkesbury

The three Secondary schools serving the Tewkesbury area are listed here:

Secondary	DFE	Type	District
Cleeve School	4024	Academy converter	Tewkesbury
Tewkesbury School	5405	Academy converter	Tewkesbury
Winchcombe School	5417	Academy converter	Tewkesbury

## Births in Tewkesbury / Ashchurch

Tewkesbury is a large planning area, the number of births has increased over the last two years after a drop in 2021/22

Tewkesbury / Ashchurch	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
<b>Birth Rates Over Time</b>	243	237	241	206	226	251

## Primary pupil place demand in Tewkesbury / Ashchurch

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

In this planning area we experience pressure for places at The John Moore Primary each year. Despite overall surplus in the planning area we need to look at individual schools because they are located some distance apart.

Ashchurch Primary School has benefitted from S106 funding linked to housing at Pamington Lane and increased its PAN from 19 to 21 in 2019 to accommodate children from new housing, with a possible further increase to 25 in future.

Twynning Primary School increased their PAN from 15 to 20 from September 2024

A development of 250 dwellings is underway at Walton Cardiff which is located directly opposite John Moore Primary School. The S106 developer's contribution secured from this housing development will support additional places at John Moore Primary School. The school has sufficient land to accommodate a 0.5FE expansion.

A significant housing development is currently being planned across the border in Worcestershire. Whilst a new primary school is planned on the site of the development there may be a short term impact on Gloucestershire schools, such as Mitton Manor, which is the closest school to the development.

The Tewkesbury Academy is the local secondary school. There is currently no anticipated impact on secondary provision as increased numbers can be accommodated within the school, however this is being monitored closely as more housing developments are granted consents and where appropriate S106 is being secured to expand the school. The school has sufficient site to expand.

## Issues for Primary School Provision from 2025

The following table shows the number of pupils in the primary age range across the Tewkesbury/Ashchurch area based on the birth rate and the percentage of surplus places by age cohort both retrospectively and forecast including anticipated pupil product.

Primary place demand in :                      Tewkesbury / Ashchurch                      Planning Area                      9161300

YEAR	Reception					Total School				
	PAN	Total NOR in Reception (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	303	260		43	14%	2121	1802		319	15%
2020/21	303	243		60	20%	2121	1770		351	17%
2021/22	303	257		46	15%	2121	1732		389	18%
2022/23	303	253		50	17%	2121	1732		389	18%
2023/24	303	224		79	26%	2121	1720		401	19%
2024/25	308	229		79	26%	2156	1683		473	22%
2025/26	308	212	(4)	96	31%	2156	1671	(27)	485	23%
2026/27	308	239	(10)	69	22%	2156	1686	(65)	470	22%
2027/28	308	273	(19)	35	11%	2156	1762	(133)	394	18%

Overall, there are 444 houses identified in the Tewkesbury housing trajectory to be built in the Tewkesbury/Ashchurch area. Should all of this housing come forward it is predicted to generate approximately 133 primary aged pupils in the forecast period. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request. There is significant housing allocated for Tewkesbury within the JCS. In addition planned housing across the border in Worcestershire will also impact on this planning area as a result S106 new schools and contributions will be secured to support additional secondary places.

## Secondary Pupil Place demand in Tewkesbury / Ashchurch

Tewkesbury school is the main secondary school serving the Tewkesbury / Ashchurch area. Estimates of the future need for secondary places is based on the number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Tewkesbury / Ashchurch planning area. 74% were allocated to Tewkesbury Academy and 15% allocated to Winchcombe School in the 2024 round.

Information on Secondary Place Planning relating to Tewkesbury/Ashchurch planning area can be found from page 237 to page 239.

### Tewkesbury / Ashchurch Implementation Plan

<b>Short term – 1 to 2 years</b>  <b>Academic Years</b> <b>2025/26 – 2026/27</b>	<b>Medium term – 3 to 5 years</b>  <b>Academic Years</b> <b>2027/28 – 2029/30</b>	<b>Long term – 5 to 10 years</b>  <b>Academic Years</b> <b>2030/31 – 2035/36</b>
No action required.	Work with colleagues at Worcestershire Council to monitor a development of 500 dwellings at Bredon Road, which could potentially impact Mitton Primary School until a new school is provided at the development.	Monitor proposals for Tewkesbury Garden Town, including a large housing development at Fiddington, which would require new primary and secondary provision.

## D11 Bishops Cleeve

There are 5 primary age schools in the Bishops Cleeve area and 1 secondary school catering for the 11 to 19 age range. There is 1 special school, Alderman Knight, in the area

Tewkesbury School	5405	Academy converter	Tewkesbury
Winchcombe School	5417	Academy converter	Tewkesbury

## Births in Bishops Cleeve

The number of births in the Bishops Cleeve area has fallen after a peak in 2022/23.

Bishops Cleeve	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
<b>Birth Rates Over Time</b>	210	226	218	199	228	200

## Primary Pupil Place demand in Bishops Cleeve

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

This area has seen significant housing growth in recent years as a result of the large scale housing; all schools in the planning area with the exception of Gotherington have expanded.

Bishops Cleeve Primary Academy temporarily increased its PAN from 90 to 120 for September 2021.

Tredington Primary increased its PAN from 14 to 18 from September 2019. However this has since been reduced to 15 from September 2022

There are several large housing developments underway including Cleavelands and Homelands, with more planned to start in the coming years, which will generate a significant number of additional primary pupils. With all current local primary schools full and with no site capacity available to expand a new school is planned to open when required

There are two significant outline planning applications submitted to Tewkesbury Borough Council for 850 dwellings at Fiddington, Ashchurch and 500 dwellings at Gotherington, Bishop's Cleeve. Gloucestershire County Council has indicated that new schools would be required should these developments be granted permission.

Cleeve School is predominantly the local secondary school although some pupils opt to travel to the Cheltenham schools. The significant housing growth has led to the expansion of

Cleeve School by an additional 1FE in 2018 and a further 1FE in 2019 to support demand for places.

To date the significant housing developments at Bishop’s Cleeve have resulted in all schools except one in the planning area expanding to meet demand arising from housing as detailed below.

With all schools now at site capacity, any further places will be by the provision of a new primary school provision to meet the shortfall.

### Issues for Primary School Provision from 2025

The following table shows the number of pupils in the primary age range across the Bishops Cleeve area based on the birth rate and the percentage of surplus/shortfall places by age cohort both retrospectively and forecast.

Primary place demand in :                      Bishops Cleeve                      Planning Area                      9161310

YEAR	Reception				Total School					
	PAN	Total NOR in Reception (including students from housing)	Surplus - Shortfall Places	% Surplus - Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus - Shortfall Places	
2019/20	258	231	27	10%	1808	1669		139	8%	
2020/21	258	252	6	2%	1808	1692		116	6%	
2021/22	288	283	5	2%	1838	1749		89	5%	
2022/23	255	231	24	9%	1838	1738		100	5%	
2023/24	255	228	27	11%	1838	1718		120	7%	
2024/25	255	223	32	13%	1838	1684		154	8%	
2025/26	255	213	(5)	42	16%	1838	1671	(32)	167	9%
2026/27	255	221	(10)	34	13%	1838	1676	(68)	162	9%
2027/28	255	207	(12)	48	19%	1838	1634	(78)	204	11%

Overall, there are 261 houses identified in the Tewkesbury housing trajectory to be built in the Bishops Cleeve area, should all of this housing come forward it is predicted to generate approximately 78 primary aged pupils in the forecast period. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request

### Secondary Pupil Place demand in Bishops Cleeve

Cleeve School is the main secondary school serving the Bishops Cleeve area. Estimates of the future need for secondary places is based on the number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Bishops Cleeve planning area. 80% were allocated the Cleeve School in the 2024 round

Information on Secondary Place Planning relating to Bishops Cleeve planning area can be found from page 237 to page 239.

### Bishops Cleeve Implementation Plan

<b>Short term – 1 to 2 years</b>  <b>Academic Years</b> <b>2025/26 – 2026/27</b>	<b>Medium term – 3 to 5 years</b>  <b>Academic Years</b> <b>2027/28 – 2029/30</b>	<b>Long term – 5 to 10 years</b>  <b>Academic Years</b> <b>2030/31 – 2035/36</b>
Plan for provision of a new primary school named Greenacres Academy to meet demand from new housing.	Plan to open a new primary school named Greenacres Academy at two forms of entry.  Continue to monitor housing in the planning area and request S106 where appropriate.	Expand the new school to three forms of entry to meet demand from new housing as it is completed.  Continue to monitor housing in the planning area and

		request S106 where appropriate.
--	--	---------------------------------

## D12 Winchcombe

There are 4 primary age schools (one split site) in the Winchcombe area and 1 secondary school catering for the 11 to 16 age range. For sixth form, young people travel to post 16 provisions in nearby community areas or to specialist college provision. There is 1 special school in the area, Alderman Knight School.

## COTSWOLD DISTRICT

### D13 Chipping Campden

There are 7 primary age schools (including one split site primary) in the Chipping Campden area and 1 secondary school catering for the 11 to 19 age range. Children requiring special school provision could attend, Paternoster in Cirencester, Shrubberies in Stonehouse, Belmont in Cheltenham or The Peak in Dursley depending on the nature of their additional needs.

Primary	DFE	Type	District
Blockley C of E Primary School	3021	Academy converter	Cotswold
Longborough C of E Primary School	3045	Academy converter	Cotswold
Mickleton Primary School	2081	Community school	Cotswold
St David's Church of England Primary School	5213	Academy converter	Cotswold
St. Catharine's Catholic Primary School	3354	Academy converter	Cotswold
St. James' and Ebrington Church of England Primary	3364	Academy converter	Cotswold
Willersey C of E Primary School	3081	Voluntary controlled school	Cotswold

There are 2 Secondary schools serving the Cotswold North area are listed here:

Secondary	DFE	Type	District
Chipping Campden School	5414	Academy converter	Cotswold (N)
The Cotswold Academy	5410	Academy converter	Cotswold (N)

### Births in Chipping Campden

The number of births in the chipping Campden area peaked in 2020/21. This was followed by a decrease but numbers have risen in the last year.

Chipping Campden	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
Birth Rates Over Time	108	121	135	118	102	110

### Primary Pupil Place demand in Chipping Campden

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

Projections in the planning area show that the numbers remain within the overall capacity for the planning area as a whole. However, there is new housing in Moreton in Marsh that will require additional places, for which S106 developers' contributions have been secured.

Mickleton increased its PAN from 25 to 30 in September 2021 .

St Catharine's Catholic Primary School will reduce their PAN from 20 to 15 from September 2025

Chipping Campden Academy is the local secondary school. The local housing growth has secured S106 and Chipping Campden Academy increased its PAN from 208 to 225 in 2021/22. Further housing may see the need for additional expansion which would be supported by S106.

Numbers of pupils in the primary age range across the Chipping Campden planning area based on the birth rate and the percentage of surplus places by age cohort both retrospectively and forecast.

### Issues for Primary School Provision from 2025

The below table uses figures calculated by projecting forward the birth rate and the likely take up of places based on past trends.

Primary place demand in : Chipping Campden Planning Area 9161400

YEAR	Reception					Total School				
	PAN	Total NOR in Reception (including students from housing)	Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)	Surplus - Shortfall Places	% Surplus Shortfall Places		
2019/20	159	135	24	15%	1113	946	167	15%		
2020/21	159	142	17	11%	1113	948	165	15%		
2021/22	164	133	31	19%	1148	996	152	13%		
2022/23	164	126	38	23%	1148	980	168	15%		
2023/24	164	117	47	29%	1148	950	198	17%		
2024/25	164	124	40	24%	1155	926	229	20%		
2025/26	159	131	(4)	28%	1155	956	(25)	17%		
2026/27	159	119	(6)	40%	1155	943	(41)	18%		
2027/28	159	128	(8)	31%	1155	924	(55)	20%		

Overall, there are 183 houses identified in the Cotswolds housing trajectory to be built in the Chipping Campden area, should all of this housing come forward it is predicted to generate approximately 55 primary aged pupils in the forecast period. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request

### Secondary pupil place demand in Chipping Campden

Chipping Campden School is the main secondary school serving the Chipping Campden area. Estimates of the future need for secondary places is based on the number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Chipping Campden planning area. 96% were allocated the Chipping Campden School in the 2024 round.

Information on Secondary Place Planning relating to Chipping Campden planning area can be found from page 240 to page 241

#### Chipping Campden Implementation Plan

<b>Short term – 1 to 2 years</b> <b>Academic Years</b> <b>2025/26 – 2026/27</b>	<b>Medium term – 3 to 5 years</b> <b>Academic Years</b> <b>2027/28 – 2029/30</b>	<b>Long term – 5 to 10 years</b> <b>Academic Years</b> <b>2030/31 – 2035/36</b>
Work with St David’s School to provide any short-term additional primary places required in bulge classes.	Work with Cotswold District Council to identify a new primary school site for new housing in Moreton in Marsh.	No action required.

## D14 Stow on the Wold

There are 3 primary age schools in the Stow on the Wold area and 1 secondary school catering for the 11 to 19 age range. Children requiring special school provision could attend, Paternoster in Cirencester, Shrubberies in Stonehouse, Belmont in Cheltenham or The Peak in Dursley depending on the nature of their additional needs.

Primary	DFE	Type	District
Bledington School	2045	Community school	Cotswold
Stow-on-the-Wold Primary School	2091	Community school	Cotswold
Swell C of E Primary School	3071	Academy converter	Cotswold

There are 2 Secondary schools serving the Cotswold North area is listed here:

Secondary	DFE	Type	District
Chipping Campden School	5414	Academy converter	Cotswold (N)
The Cotswold Academy	5410	Academy converter	Cotswold (N)

## Births in Stow on the Wold

Stow on the Wold is a small planning area consisting of three small schools. The number of births has risen over the past six years.

Stow-On-The-Wold	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
Birth Rates Over Time	24	26	31	31	34	43

### Primary Pupil Place demand in Stow on the Wold

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

This planning area comprises three small schools. The projections show the intake and capacity are not exceeded in this planning period.

The Cotswold Academy is the local secondary school.

## Issues for Primary School Provision from 2025

The following table shows the number of pupils in the primary age range across the Stow on the Wold area based on the birth rate and the percentage of surplus places by age cohort both retrospectively and forecast including anticipated pupil product.

Primary place demand in : **Stow-On-The-Wold** Planning Area **9161410**

YEAR	Reception				Total School					
	PAN	Total NOR in Reception (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	42	24		18	43%	299	225		74	25%
2020/21	42	31		11	26%	299	216		83	28%
2021/22	42	22		20	48%	299	212		87	29%
2022/23	42	33		9	21%	299	207		92	31%
2023/24	42	35		7	17%	299	209		90	30%
2024/25	42	31		11	26%	299	221		78	26%
2025/26	42	31	(1)	11	26%	299	223	(2)	76	25%
2026/27	42	31	(1)	11	26%	299	230	(4)	69	23%
2027/28	42	45	(1)	-3	-7%	299	239	(4)	60	20%

Overall, there are 12 houses identified in the Cotswolds housing trajectory to be built in the Stow on the Wold area, should all of this housing come forward it is predicted to generate approximately 4 primary aged pupils in the forecast period. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request

## Secondary Pupil Place demand in Stow on the Wold

The Cotswold school is the main secondary school serving the Stow on the Wold area. Estimates of the future need for secondary places is based on the number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Stow on the Wold area 85% were allocated The Cotswold Academy in the 2024 round.

Information on Secondary Place Planning relating to Stow on the Wold planning area can be found from page 240 to page 241.

## Stow on the Wold Implementation Plan

<b>Short term – 1 to 2 years</b> <b>Academic Years</b> <b>2025/26 – 2026/27</b>	<b>Medium term – 3 to 5 years</b> <b>Academic Years</b> <b>2027/28 – 2029/30</b>	<b>Long term – 5 to 10 years</b> <b>Academic Years</b> <b>2030/31 – 2035/36</b>

Siddington C of E School	3089	Academy converter	Cotswold
Stratton C of E Primary School	3025	Voluntary controlled school	Cotswold
Watermoor C of E Primary School	2121	Academy sponsor led	Cotswold

There are 4 Secondary schools serving the Cotswold South area is listed here:

Secondary	DFE	Type	District
Cirencester Deer Park School	5420	Academy converter	Cotswold (S)
Cirencester Kingshill School	5419	Academy converter	Cotswold (S)
Farmor's School	4513	Academy converter	Cotswold (S)
Sir William Romney's School	5428	Academy converter	Cotswold (S)

## Births in Cirencester

Cirencester is a large planning area where births have decreased after a peak in 2019/20 but have been fairly stable for the past three years.

Cirencester	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
<b>Birth Rates Over Time</b>	252	269	247	233	242	233

### Primary Pupil Place demand in Cirencester

Normally, the need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

This planning area is made up of schools serving Cirencester town and schools serving the outlying villages around Cirencester. The demand for school places expected to arise from the Kingshill housing development was addressed through the expansion and relocation of Watermoor School to a new site and building.

We are currently working with Planners and Developers on a significant strategic housing site for Chesterton that will deliver 2300 new homes. The development will secure a new 3FE primary school. This will be provided at the end of this forecasting period; however any growth from this development before then will be supported by new accommodation at Siddington C of E Primary as a host school before the new school is built.

Ann Edwards C of E Primary reduced their PAN from 45 to 30 from September 2023

There are two Secondary academies that serve the Cirencester area, Kingshill and Deer Park, in addition there is Cirencester College and The Royal Agricultural University offering post 16 places.

Cirencester Kingshill School increased their PAN from 189 to 196 from September 2019. The development at Chesterton will provide significant S106 contributions for expansions at the local secondary schools and college.

### Issues for Primary School Provision in Cirencester from 2025

The table below shows capacity and anticipated demand for places at the schools listed above.

Primary place demand in : Cirencester Planning Area 9161510

YEAR	Reception				Total School					
	PAN	Total NOR in Reception (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	280	239		41	15%	1960	1761		199	10%
2020/21	280	213		67	24%	1960	1675		285	15%
2021/22	280	231		49	18%	1960	1660		300	15%
2022/23	280	224		56	20%	1960	1662		298	15%
2023/24	265	230		35	13%	1960	1643		317	16%
2024/25	265	232		33	12%	1960	1623		337	17%
2025/26	265	208	(3)	57	22%	1960	1576	(20)	384	20%
2026/27	265	226	(6)	39	15%	1960	1583	(40)	377	19%
2027/28	265	222	(12)	43	16%	1960	1613	(83)	347	18%

Overall, there are 277 houses identified in the Cotswold housing trajectory to be built in the Cirencester area, should all of this housing come forward it is predicted to generate approximately 83 primary aged pupils in the forecast period. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request.

There are up to 2,500 houses identified in the Cotswold Local Plan to be built in the Cirencester community area. This is a Strategic site at Chesterton and will deliver a new 3FE primary school and S106 contributions to local Secondary Schools.

### Secondary Pupil Place demand in Cirencester

Cirencester Deer Park and Cirencester Kingshill are the two main secondary schools serving the Cirencester area. Estimates of the future need for secondary places is based on the number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Cirencester area. 47% were allocated Kingshill School and 47% allocated Deer Park in the 2024 round.

Information on Secondary Place Planning relating to Cirencester planning area can be found from page 242 to page 244.

#### Cirencester Implementation Plan

<b>Short term – 1 to 2 years</b> <b>Academic Years</b> <b>2025/26 – 2026/27</b>	<b>Medium term – 3 to 5 years</b> <b>Academic Years</b> <b>2027/28 – 2029/30</b>	<b>Long term – 5 to 10 years</b> <b>Academic Years</b> <b>2030/31 – 2035/36</b>
The Local Authority is working with developers to secure a new 3FE primary school and secondary contributions to support the additional places required as a result of the housing development at Chesterton.	Continue to monitor the strategic housing site at Chesterton to ensure education places are provided as required.	No action required.

## D19 Tetbury

There are 5 primary age schools in the Tetbury area and 1 main secondary school catering for the 11 to 16 age range. Children requiring special school provision could attend, Paternoster in Cirencester, Shrubberies in Stonehouse, Belmont in Cheltenham or The Peak in Dursley depending on the nature of their additional needs.

Primary	DFE	Type	District

## Births in Tetbury

The number of births in the Tetbury area has been fairly stable over the past three years.

Tetbury	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
<b>Birth Rates Over Time</b>	98	91	92	102	104	97

### Primary Pupil Place demand in Tetbury

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

Projections in the planning area show that the numbers remain within the overall capacity and PAN.

Sir William Romney’s School is the local secondary school. There are sufficient school places to accommodate demand.

### Issues for Primary School Provision from 2025

The below table uses figures calculated by projecting forward the birth rate and the likely take up of places based on past trends.

YEAR	Reception					Total School				
	PAN	Total NOR in Reception (including students from housing)		Surplus - Shortfall Places	% Surplus - Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus - Shortfall Places
2019/20	115	98		17	15%	805	675		130	16%
2020/21	115	90		25	22%	805	690		115	14%
2021/22	115	92		23	20%	805	687		118	15%
2022/23	115	105		10	9%	805	693		112	14%
2023/24	115	91		24	21%	805	657		148	18%
2024/25	115	89		26	23%	805	666		139	17%
2025/26	115	86	(2)	29	25%	805	676	(10)	129	16%
2026/27	115	98	(3)	17	15%	805	686	(18)	119	15%
2027/28	115	98	(6)	17	15%	805	705	(36)	100	12%

Overall, there are 120 houses identified in the Cotswold housing trajectory to be built in the Tetbury area, should all of this housing come forward it is predicted to generate approximately 36 primary aged pupils in the forecast period. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request

### Secondary Pupil Place demand in Tetbury

Sir William Romney's is the main secondary school serving the Tetbury area. Estimates of the future need for secondary places is based on the number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Tetbury area. 61% were allocated Sir William Romney's school and 23% Cirencester Deer Park School in the 2024 round.

Information on Secondary Place Planning relating to Tetbury planning area can be found from page 242 to page 244.

### Births in Nailsworth

The number of births in the Nailsworth area has decreased in recent years but there has been a sharp rise in the last year.

### Primary Pupil Place demand in Nailsworth

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

The forecasts for this planning area show that there is sufficient capacity at local schools for the whole of the forecasting period.

Pupils can select from a number of secondary schools including Sir William Romney’s, Thomas Keble and Archway. There are currently sufficient school places to accommodate demand, however by 2023/24 across the secondary planning area there will be a shortfall of secondary places.

## Issues for Primary School Provision from 2025

The below table uses figures calculated by projecting forward the birth rate and the likely take up of places based on past trends.

Primary place demand in : **Nailsworth** Planning Area **9161600**

YEAR	Reception					Total School				
	PAN	Total NOR in Reception (including students from housing)		Surplus - Shortfall Places	% Surplus - Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus - Shortfall Places
2019/20	156	135		21	13%	1092	994		98	9%
2020/21	141	128		13	9%	987	958		29	3%
2021/22	141	130		11	8%	987	960		27	3%
2022/23	141	126		15	11%	987	940		47	5%
2023/24	141	123		18	13%	987	924		63	6%
2024/25	141	95		46	33%	987	871		116	12%
2025/26	141	106	(1)	35	25%	987	844	(6)	143	14%

There are no housing developments with planning permission in this planning area.

### Secondary Pupil Place demand in Painswick

Archway School and Thomas Keble are the closest secondary schools serving the Painswick area. Estimates of the future need for secondary places is based on the number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Painswick area. 18% were allocated Archway School and 20% were allocated Cirencester Deer Park School, 16% were allocated Cirencester Kingshill School in the 2024 round.

Information on Secondary Place Planning relating to Painswick planning area can be found from page 245 to page 247.

#### Painswick Implementation Plan

<b>Short term – 1 to 2 years</b> <b>Academic Years</b> <b>2025/26 – 2026/27</b>	<b>Medium term – 3 to 5 years</b> <b>Academic Years</b> <b>2027/28 – 2029/30</b>	<b>Long term – 5 to 10 years</b> <b>Academic Years</b> <b>2030/31 – 2035/36</b>
No action required.	No action required.	Monitor secondary demand across the Stroud planning area.

## D25 Stonehouse

There are 6 primary age schools in the Stonehouse area including a pair of infant and junior schools and 5 secondary schools which cater for the 11 to 16 and 11 to 19 age ranges. Children requiring special school provision could attend, Paternoster in Cirencester, Shrubberies in Stonehouse, Belmont in Cheltenham or The Peak in Dursley depending on the nature of their additional needs.

Thomas Keble School	4068	Academy converter	East Stroud

## Births in Stonehouse

The births in the Stonehouse planning area has steadily increased over recent years with a sharp increase in the last year.

Stonehouse	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
<b>Birth Rates Over Time</b>	130	139	132	142	146	172

## Primary Pupil Place demand in Stonehouse

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

Great Oldbury Primary Academy opened September 2021 to meet demand for places from a large strategic housing development at Stonehouse of approximately 1350 new dwellings. This is a new 1.5FE school on a 2FE site that will be able to support future expansion if required.

Maidenhill and Archway schools are the secondary schools nearest this planning area although parents can express a preference for any school. Both schools have sufficient capacity to accommodate pupils for the foreseeable future

## Issues for Primary School Provision from 2025

The table below uses figures calculated by projecting forward the birth rate and the likely take up of places based on past trends and include the pupil product from any housing that has yet to be completed.

Primary place demand in : Stonehouse Planning Area 9161700

YEAR	Reception				Total School				
	PAN	Total NOR in Reception (including students from housing)	Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)	Surplus - Shortfall Places	% Surplus Shortfall Places	
2019/20	140	114	26	19%	980	891	89	9%	
2020/21	140	127	13	9%	980	886	94	10%	
2021/22	170	127	43	25%	1295	897	398	31%	
2022/23	170	137	33	19%	1295	918	377	29%	
2023/24	185	151	34	18%	1295	938	357	28%	
2024/25	185	148	37	20%	1295	960	335	26%	
2025/26	185	156	(8)	29	1295	1025	(55)	270	21%
2026/27	185	158	(15)	27	1295	1100	(101)	195	15%
2027/28	185	209	(27)	-24	1295	1246	(187)	49	4%

Overall, there are 623 houses identified in the Stroud housing trajectory to be built in the Stonehouse planning area, should all of this housing come forward it is predicted to generate approximately 187 primary aged pupils in the forecast period. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request

### Secondary Pupil Place demand in Stonehouse

Maidenhill is the main secondary school serving the Stonehouse area. Estimates of the future need for secondary places is based on the number of pupils leaving primary schools at

the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Stonehouse area. 69% were allocated Maidenhill School in the 2024 round.

Information on Secondary Place Planning relating to Stonehouse planning area can be found from page 245 to page 247.

### Stonehouse Implementation Plan

<b>Short term – 1 to 2 years</b> <b>Academic Years</b> <b>2025/26 – 2026/27</b>	<b>Medium term – 3 to 5 years</b> <b>Academic Years</b> <b>2027/28 – 2029/30</b>	<b>Long term – 5 to 10 years</b> <b>Academic Years</b> <b>2030/31 – 2035/36</b>
No action required.	No action required.	Monitor secondary school places and increase capacity where required to support new housing development

## D26 Frampton / Saul

There are 2 primary age schools in the Frampton/ Saul area and 2 secondary schools which cater for the 11 to 16 and 11 to 19 age ranges. Children requiring special school provision could attend, Paternoster in Cirencester, Shrubberies in Stonehouse, Belmont in Cheltenham or The Peak in Dursley depending on the nature of their additional needs.

Primary	DFE	Type	District
Lakefield C of E Primary School	3101	Academy converter	Stroud

The 2 Secondary schools serving the West Stroud area are listed here

Secondary	DFE	Type	District
Katharine Lady Berkeley's School	5406	Academy converter	West Stroud
Rednock School	5407	Foundation school	West Stroud

## Births in Frampton / Saul

Frampton is a small planning area consisting of only two schools. The number of births has been fairly consistent over the past five years with a slight peak in 2022/23.

Frampton / Saul	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
Birth Rates Over Time	23	31	30	29	34	28

### Primary Pupil Place demand in Frampton / Saul

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

Historically this planning area has had sufficient supply to meet demand. There have been no temporary or permanent expansions.

Lakefield School took additional pupils in 2016 arising from Arlingham due to demographic growth and minor extension works were undertaken at the school to support this.

### Issues for Primary School Provision from 2023

The table uses figures calculated by projecting forward the birth rate and the likely take up of places based on past trends and include the pupil product from any housing that has yet to be completed.

YEAR	Reception				Total School					
	PAN	Total NOR in Reception (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places

2027/28	45	38		7	16%	315	281		34	11%

There are no housing developments with planning permission in this planning area.

Depending on when and in what quantities future housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request

## Secondary Pupil Place demand in Frampton / Saul

Rednock School, west Stroud, was the majority secondary school serving the Frampton/ Saul area in the 2024 allocation round. Pupils arising from this planning area also historically travel to East Stroud and Gloucester secondary schools for their secondary education.

The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Frampton/ Saul area. 64% were allocated Rednock School in the 2024 round.

Information on Secondary Place Planning relating to Frampton/Saul planning area can be found from page 248 to page 249.

### Frampton / Saul Implementation Plan

<b>Short term – 1 to 2 years</b> <b>Academic Years</b> <b>2025/26 – 2026/27</b>	<b>Medium term – 3 to 5 years</b> <b>Academic Years</b> <b>2027/28 – 2029/30</b>	<b>Long term – 5 to 10 years</b> <b>Academic Years</b> <b>2030/31 – 2035/36</b>
No action required.	Monitor completions of new housing underway in the area and plan for possible small numbers of additional school places in line with demand	Monitor secondary demand across the Stroud planning area.

## D27 Berkeley

There are 4 primary age schools in the Berkeley area and 2 secondary schools which cater for the 11 to 19 age range. Children requiring special school provision could attend, Paternoster in Cirencester, Shrubberies in Stonehouse, Belmont in Cheltenham or The Peak in Dursley depending on the nature of their additional needs.

Sharpness Primary School	2072	Community school	Stroud
Slimbridge Primary School	2086	Community school	Stroud
Stone with Woodford C of E Primary School	3038	Academy converter	Stroud

The 2 Secondary schools serving the West Stroud area are listed here

Secondary	DFE	Type	District
Katharine Lady Berkeley's School	5406	Academy converter	West Stroud
Rednock School	5407	Foundation school	West Stroud

## Births in Berkeley

The number of births in the Berkeley area has risen sharply in 2022/23 with a slight decrease in the last year.

Berkeley	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
<b>Birth Rates Over Time</b>	71	66	73	63	86	79

### Primary Pupil Place demand in Berkeley

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

Schools in this planning area are located across a wide area, making it difficult to look at the supply as a whole. As a planning area the supply of primary places has met demand, however due to fluctuating demand, local to specific schools, there has been some pressure at some schools.

Berkeley and Slimbridge primaries have both experienced high demand from local families. Slimbridge Primary in particular has had a high number of in-year applications and successful appeals which has pushed them over their PAN in most year groups. Slimbridge Primary School will increase their PAN from 20 to 25 from September 2025

A number of developments at Cam may affect numbers at Slimbridge as it is the nearest school, however poor walking routes that cross the A38 may deter parents and impact the Cam schools instead.

A potential new strategic site at Wisloe close to Slimbridge School would be large enough to require a new school for the development if approved.

Rednock is the nearest secondary school for this planning area although parents can express a preference for any school. There are sufficient places available at Rednock School.

### Issues for Primary School Provision from 2025

The following table shows the number of pupils in the primary age range across the Berkeley area based on the birth rate and the percentage of surplus/shortfall places by age cohort both retrospectively and forecast.

Primary place demand in : **Berkeley** Planning Area **9161720**

YEAR	Reception				Total School					
	PAN	Total NOR in Reception (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	85	78		7	8%	595	507		88	15%
2020/21	85	70		15	18%	595	503		92	15%
2021/22	85	84		1	1%	595	527		68	11%
2022/23	85	83		2	2%	595	547		48	8%
2023/24	85	74		11	13%	595	525		70	12%
2024/25	85	75		10	12%	595	536		59	10%
2025/26	90	79	(4)	11	12%	630	554	(24)	76	12%
2026/27	90	94	(6)	-4	-4%	630	574	(38)	56	9%
2027/28	90	95	(8)	-5	-6%	630	604	(52)	26	4%

There are 174 houses identified in the Stroud housing trajectory to be built in the Berkeley planning area. This would generate approximately 52 primary aged pupils. We are also aware of a development in the early stages of consultation that would create a new settlement of approximately 1500 which would provide a new Primary school and S106 developers contribution for Secondary school places should the development go ahead, there is currently no timescale for this.

### Secondary Pupil Place demand in Berkeley

Katharine Lady Berkeley's and Rednock schools are the main secondary schools serving the Berkeley area in the 2024 allocation round. Estimates of the future need for secondary places is based on the number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Frampton/ Saul area. 46% were allocated Rednock School and 44% were allocated Katherine Lady Berkeley's School in the 2024 round.

Information on Secondary Place Planning relating to Berkeley planning area can be found from page 248 to page 249.

#### Berkeley Implementation Plan

<b>Short term – 1 to 2 years</b>  <b>Academic Years</b> <b>2025/26 – 2026/27</b>	<b>Medium term – 3 to 5 years</b>  <b>Academic Years</b> <b>2027/28 – 2029/30</b>	<b>Long term – 5 to 10 years</b>  <b>Academic Years</b> <b>2030/31 – 2035/36</b>
Monitor demand for places at Slimbridge Primary School linked to housing demand. There is capacity at schools in Cam for the current developments, but some parents are applying to Slimbridge from that area.	Monitor demand for places at schools in Slimbridge and Cam linked to housing demand.	Monitor the proposed new development at Wisloe near Slimbridge and work with developers to secure additional provision as required.

## D28 Dursley

There are 6 primaries and 1 infant and 1 junior school in the Dursley area together with 2 secondary schools catering for the 11 to 19 age range. Children requiring special school provision could attend, Paternoster in Cirencester, Shrubberies in Stonehouse, Belmont in Cheltenham or The Peak in Dursley depending on the nature of their additional needs.

Primary	DFE	Type	District
Cam Everlands Primary School	2143	Community school	Stroud
Cam Hopton C of E Primary School	3313	Voluntary aided school	Stroud
Cam Woodfield Infant School	2138	Community school	Stroud
Cam Woodfield Junior School	2058	Academy sponsor led	Stroud
Coaley Church of England Primary Academy	2039	Academy sponsor led	Stroud
Dursley C of E Primary Academy	2009	Academy sponsor led	Stroud
St. Joseph's Catholic Primary School (3356)	3356	Academy converter	Stroud
Uley C of E Primary School	3076	Voluntary controlled school	Stroud

There are 2 Secondary schools serving the West Stroud area is listed here:

Secondary	DFE	Type	District
Katharine Lady Berkeley's School	5406	Academy converter	West Stroud
Rednock School	5407	Foundation school	West Stroud

## Births in Dursley

The number of births in the Dursley area has declined steadily in recent years.

Dursley	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
Birth Rates Over Time	190	194	182	161	177	141

## Primary Pupil Place demand in Dursley

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

As a planning area there is sufficient supply to meet demand and a surplus of primary places remains; however Uley and Coaley are geographically isolated and therefore could be under pressure from local demand.

Capacity issues are mostly contained to this planning area, although planned housing developments at the periphery of Cam in the Dursley Planning Area are showing some impact at Slimbridge Primary School in the Berkeley Planning Area, which is the closest school to some of the developments. As spare capacity at Slimbridge reduces in future years it is likely that pupils from these developments will attend schools in Cam.

## Issues for Primary School Provision from 2025

The table uses figures calculated by projecting forward the birth rate and the likely take up of places based on past trends and include the pupil product from any housing that has yet to be completed.

Primary place demand in :                      Dursley    Planning Area    9161730

YEAR	Reception					Total School				
	PAN	Total NOR in Reception (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	223	175		48	22%	1534	1312		222	14%
2020/21	223	206		17	8%	1534	1357		177	12%
2021/22	224	191		33	15%	1568	1347		221	14%
2022/23	224	192		32	14%	1568	1366		202	13%
2023/24	224	200		24	11%	1568	1347		221	14%
2024/25	224	175		49	22%	1568	1341		227	14%
2025/26	224	155	(4)	69	31%	1568	1321	(23)	247	16%
2026/27	224	198	(8)	26	12%	1568	1371	(51)	197	13%
2027/28	224	151	(10)	73	33%	1568	1312	(66)	256	16%

There are 219 houses identified in the Stroud housing trajectory to be built in the Dursley planning area. This would generate approximately 66 primary aged pupils. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request

### Secondary Pupil Place demand in Dursley

Rednock School is the main secondary school serving the Dursley area in the 2024 allocation round. Estimates of the future need for secondary places is based on the number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Dursley area. 80% were allocated Rednock School in the 2024 round.

Information on Secondary Place Planning relating to Dursley planning area can be found from page 248 to page 249.

#### Dursley implementation plan

<b>Short term – 1 to 2 years</b>  <b>Academic Years</b> <b>2025/26 – 2026/27</b>	<b>Medium term – 3 to 5 years</b>  <b>Academic Years</b> <b>2027/28 – 2029/30</b>	<b>Long term – 5 to 10 years</b>  <b>Academic Years</b> <b>2030/31 – 2035/36</b>
Monitor demand for places at Dursley and Cam primary schools linked to housing demand and increase capacity if necessary	Monitor demand for secondary places from new developments.	No action required.

## D29 Wotton under Edge

There are 5 primary schools in the Wotton under Edge area together with 2 secondary schools catering for the 11 to 19 age range. Children requiring special school provision could attend, Paternoster in Cirencester, Shrubberies in Stonehouse, Belmont in Cheltenham or The Peak in Dursley depending on the nature of their additional needs.

### Births in Swindon Road

The number of births in the Swindon Road area has declined sharply in 2021/22, followed by an upward trend in the last two years .

Swindon Road	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
<b>Birth Rates Over Time</b>	206	208	229	175	184	188

### Primary Pupil Place demand in Swindon Road

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

All schools in this planning area are almost full and have little capacity for further expansion

### Issues for Primary School Provision from 2025

The table uses figures calculated by projecting forward the birth rate and the likely take up of places based on past trends and include the pupil product from any housing that has yet to be completed.

Primary place demand in : Swindon Road Planning Area 9161800

YEAR	Reception				Total School					
	PAN	Total NOR in Reception (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	240	212		28	12%	1680	1531		149	9%
2020/21	240	210		30	13%	1680	1515		165	10%
2021/22	240	204		36	15%	1680	1498		182	11%
2022/23	240	217		23	10%	1680	1522		158	9%
2023/24	240	220		20	8%	1680	1556		124	7%
2024/25	240	217		23	10%	1680	1548		132	8%
2025/26	240	182	(7)	58	24%	1680	1562	(43)	118	7%
2026/27	240	207	(14)	33	14%	1680	1592	(88)	88	5%
2027/28	240	213	(24)	27	11%	1680	1649	(160)	31	2%

Overall, there are 533 houses identified in the Cheltenham housing trajectory to be built in the Swindon Road planning area, should all of this housing come forward it is predicted to generate approximately 160 primary aged pupils in the forecast period. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request

Two large strategic sites in North West Cheltenham and West Cheltenham of up to 4500 and 2300 new homes respectively is identified in the Joint Core Strategy plan. These are significant housing developments and will provide new primary schools on site. They may also require some additional primary places at existing schools, if site capacity allows depending on the final number of dwellings built.

### Secondary Pupil Place demand in Swindon Road

Pittville School is the nearest school for this planning area although parents can express a preference for any school. Pittville admitted an additional temporary bulge class for the 2019 Y7 intake in order to meet demand for places locally.

The main secondary schools serving the Swindon Road area in the 2024 allocation round are Pittville School, All Saint’s Academy, Cleeve School and Cheltenham Bournside School. Pates grammar school is also local to this planning area as a selective option. Estimates of the future need for secondary places is based on the number of pupils leaving primary

schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The bar chart above shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Swindon Road area. 20% were allocated Cleeve School, 33% were allocated Pittville School, 14% All Saint's Academy and 13% Cheltenham Bournside School in the 2024 round.

Information on Secondary Place Planning relating to Swindon Road planning area can be found from page 250 to page 253.

### Swindon Road Implementation Plan

<b>Short term – 1 to 2 years</b> <b>Academic Years</b> <b>2025/26 – 2026/27</b>	<b>Medium term – 3 to 5 years</b> <b>Academic Years</b> <b>2027/28 – 2029/30</b>	<b>Long term – 5 to 10 years</b> <b>Academic Years</b> <b>2030/31 – 2035/36</b>
Monitor growth in this area arising from housing developments. If data continues to indicate a requirement for further capacity, this will need to be considered and included in the capital programme in advance of the need.	Continue to monitor growth in this area arising from housing developments.	In the longer term a new secondary school and new primary schools are planned to support growth in two strategic sites at NW & W Cheltenham. Time frame to be confirmed.

## D31 Whaddon

There are 3 primary schools, 1 infant and 1 junior school in the Whaddon area together with 6 secondary schools catering for the 11 to 16 and 11 to 19 age range. Children requiring special school provision could attend, Bettridge and Belmont or The Ridge in Cheltenham or The Peak in Dursley for Secondary depending on the nature of their additional needs.

## Births in Whaddon

The number of births in the Whaddon area has fluctuated in recent years.

Whaddon	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
<b>Birth Rates Over Time</b>	242	244	226	222	240	223

### Primary Pupil Place demand in Whaddon

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

Prestbury St Mary's C of E Junior School took a bulge class of 30 pupils for September 2021 as the cohort moved through from St Mary's C of E Infant School

Holy Trinity and St John's Primary Schools are both on restricted sites. There may be scope to increase the St Mary's schools or Oakwood if required in future.

### Issues for Primary School Provision from 2025

The table uses figures calculated by projecting forward the birth rate and the likely take up of places based on past trends and include the pupil product from any housing that has yet to be completed.

Rowanfield Junior Academy	2157	Academy converter	Cheltenham
Springbank Primary Academy	2164	Academy converter	Cheltenham
St Thomas More Catholic Primary School	3359	Academy converter	Cheltenham
The Catholic School of St. Gregory The Great	5201	Academy converter	Cheltenham

The 6 Secondary schools serving the Cheltenham area are listed here:

Secondary	DFE	Type	District
All Saints' Academy	6905	Academy sponsor led	Cheltenham
Balcarras School	5408	Academy converter	Cheltenham
Cheltenham Bournside School & Sixth Form Centre	5418	Academy converter	Cheltenham
Pate's Grammar School	5403	Academy converter	Cheltenham
Pittville School	5421	Foundation school	Cheltenham
The High School Leckhampton	4022	Free schools	Cheltenham

## Births in Hesters Way

The number of births in the Hester's Way area has declined since 2018/19 but there has been a slight rise in the last year.

Hesters Way	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
<b>Birth Rates Over Time</b>	370	322	306	302	292	308

## Primary Pupil Place demand in Hesters Way

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

Current forecasts show that there are sufficient places to just meet demand.

There are two large strategic housing developments, the A5 North West Cheltenham (Uckington) and the West of Cheltenham development both listed in the JCS for Tewkesbury. S106 developer's contributions would support new primary schools on site for West Cheltenham and the Uckington development and will address the need for places arising from this new housing.

We would not expect any action to be necessary in the current schools in the planning area. However timing of the new schools and depending on the final number of dwellings built there may be a requirement for some additional primary places at existing schools, if site capacity allows.

## Issues for Primary School Provision from 2025

The table uses figures calculated by projecting forward the birth rate and the likely take up of places based on past trends and include the pupil product from any housing that has yet to be completed.

Primary place demand in : **Hesters Way** Planning Area **9161820**

YEAR	Reception				Total School					
	PAN	Total NOR in Reception (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	270	267		3	1%	1935	1771		164	8%
2020/21	270	254		16	6%	1935	1779		156	8%
2021/22	270	241		29	11%	1920	1765		155	8%
2022/23	270	255		15	6%	1920	1806		114	6%
2023/24	270	246		24	9%	1890	1790		100	5%
2024/25	270	224		46	17%	1890	1741		149	8%
2025/26	270	238	(10)	32	12%	1890	1780	(65)	110	6%
2026/27	270	242	(21)	28	10%	1890	1820	(144)	70	4%
2027/28	270	270	(35)	0	0%	1890	1888	(238)	2	0%

Overall, there are 790 houses identified in the Cheltenham housing trajectory to be built in the Hesters Way planning area, should all of this housing come forward it is predicted to generate approximately 238 primary aged pupils in the forecast period. Two large strategic sites in North West Cheltenham and West Cheltenham of up to 4500 and 2300 new homes respectively is identified in the Joint Core Strategy plan. These are significant housing developments and will provide new primary schools on site.

### Secondary Pupil Place demand in Hesters Way

All Saints' Academy is the nearest school for this planning area although parents can express a preference for any school.

The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Hesters Way area. 48% were allocated All Saints' Academy and 29% were allocated Cheltenham Bournside in the 2024 round.

Information on Secondary Place Planning relating to Hester's Way planning area can be found from page 250 to page 253.

### Births in Hatherley / Leckhampton

The number of births in the Hatherley area has decreased in recent years from the previous high level for the area, the latest year shows a slight increase.

Hatherley / Leckhampton	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
<b>Birth Rates Over Time</b>	319	317	299	301	271	288

### Primary pupil place demand in Hatherley / Leckhampton

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

This planning area has seen the highest demand for primary places in Cheltenham and has undergone significant growth in pupil numbers and demand for places. All of the schools in this planning area have seen growth on a temporary or permanent basis.

Leckhampton C of E Primary School expanded permanently by 1 FE from September 2019 taking the PAN from 60 to 90 places at intake.

Naunton Park increased their PAN from 57 to 60 from September 2019

Lakeside Primary will reduce PAN from 90 to 60 from September 2025

Cheltenham Bournside School and The High School Leckhampton are the nearest schools for this planning area although parents can express a preference for any school.

The following table shows the number of pupils in the primary age range across the Hatherley / Leckhampton area based on the birth rate and the percentage of surplus/shortfall places by age cohort both retrospectively and forecast.

### Issues for Primary School Provision from 2025

The table uses figures calculated by projecting forward the birth rate and the likely take up of places based on past trends and include the pupil product from any housing that has yet to be completed. This housing will be predominately concentrated in the town.

Primary place demand in : Hatherley / Leckhampton Planning Area 9161840

YEAR	Reception				Total School					
	PAN	Total NOR in Reception (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places

## GLOUCESTER DISTRICT

### D35 Churchdown / Innsworth

There are 2 primary schools and 3 infant and junior school pairs in the Churchdown/Innsworth area together with 2 secondary schools catering for the 11 to 19 age range locally. There are 12 secondary schools in the Gloucester planning area including 4 grammar schools. Children requiring special school provision could attend, Milestone or travel to Bettridge and Belmont or The Ridge in Cheltenham or The Peak in Dursley for Secondary depending on the nature of their additional needs.

Primary	DFE	Type	District
Churchdown Parton Manor Infant School	2052	Community school	Tewkesbury
Churchdown Parton Manor Junior School	2122	Community school	Tewkesbury
Churchdown Village Infant Academy	2144	Academy converter	Tewkesbury
Churchdown Village Junior School	2053	Community school	Tewkesbury
Innsworth Infant School	2145	Community school	Tewkesbury
Innsworth Junior School	2118	Community school	Tewkesbury
Norton C of E Primary School	3057	Voluntary controlled school	Tewkesbury
St. Mary's Catholic Primary Academy	3358	Academy converter	Tewkesbury

The 12 Secondary schools serving the Gloucester area are listed here:

Secondary	DFE	Type	District
Barnwood Park Arts College	4012	Foundation school	Gloucester
Chosen Hill School	5412	Academy converter	Tewkesbury
Churchdown School Academy	5409	Academy converter	Tewkesbury

The Crypt School	5404	Academy converter	Gloucester

### Births in Churchdown / Innsworth

The number of births in the area has risen sharply in the latest year after a decline in earlier years.

Churchdown / Innsworth	2018/19	2019/20	2020/21	2021/22	2022/23	2023/24
<b>Birth Rates Over Time</b>	159	159	141	143	131	174

### Primary Pupil Place demand in Churchdown / Innsworth

The need for school places essentially derives from the local child population, so pressure for primary places lags 4 years behind the number of births, and pressure for secondary places follows another 7 years later.

Innsworth Infant School increased their PAN from 50 to 60 from September 2019  
 Innsworth Junior School increased their PAN from 50 to 60 from September 2022

Norton C of E Primary School increased their PAN from 16 to 20 from September 2021.

In total we are expecting approximately 3500 new dwellings across the three areas and Gloucestershire County Council has responded to planning discussions by requesting new schools to support the demand arising from these developments.

This planning area is being closely monitored due to large housing developments in this and the adjacent planning area.

### Issues for Primary School Provision from 2025

The table uses figures calculated by projecting forward the birth rate and the likely take up of places based on past trends and include the pupil product from any housing that has yet to be completed.

Primary place demand in : Churchdown / Innsworth Planning Area 9161900

YEAR	Reception				Total School					
	PAN	Total NOR in Reception (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year R	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	226	183		43	19%	1542	1439		103	7%
2020/21	226	201		25	11%	1542	1435		107	7%
2021/22	230	166		64	28%	1570	1405		165	11%
2022/23	230	187		43	19%	1610	1419		191	12%
2023/24	230	207		23	10%	1610	1489		121	8%
2024/25	230	197		33	14%	1610	1455		155	10%
2025/26	230	235	(20)	-5	-2%	1610	1597	(136)	13	1%
2026/27	230	212	(35)	18	8%	1610	1686	(244)	-76	-5%
2027/28	230	285	(43)	-55	-24%	1610	1776	(296)	-166	-10%

Overall, there are 987 houses identified in the Tewkesbury housing trajectory to be built in the Churchdown/Innsworth planning area, should all of this housing come forward it is predicted to generate approximately 296 primary aged pupils in the forecast period.

These houses are part of the 3,395 houses identified in the Joint Core Strategy to be built in the Churchdown / Innsworth community area.

This proposed strategic housing will equate to an additional need to provide a new 3FE equivalent school or schools, however depending on final housing numbers there may also be a requirement for additional places which could be met by expansion at one of the existing schools in the planning area. Discussions with developers regarding provision of these primary places are underway.

### Secondary Pupil Place demand in Churchdown / Innsworth

Churchdown Academy and Chosen Hill School are the nearest schools for this planning area although parents can express a preference for any school. Churchdown Academy increased their PAN from 230 to 250 from September 2023 and the school is forecast to be at capacity.; similarly Chosen Hill School is full. The growth from the strategic sites at Brockworth, Twigworth, Churchdown and Innsworth will provide a S106 developers contribution to support additional capacity. This could be used to expand existing schools or contribute to a new secondary school in the Gloucester area. Estimates of the future need for secondary places is based on the number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Churchdown / Innsworth area 47% were allocated Churchdown School Academy and 17% were allocated Chosen Hill School in the 2024 round.

Information on Secondary Place Planning relating to Churchdown/Innsworth planning area can be found from page 254 to page 258.

### Churchdown / Innsworth Implementation Plan

Short term – 1 to 2 years	Medium term – 3 to 5 years	Long term – 5 to 10 years
---------------------------	----------------------------	---------------------------

<b>Academic Years 2025/26 – 2026/27</b>	<b>Academic Years 2027/28 – 2029/30</b>	<b>Academic Years 2030/31 – 2035/36</b>
Work with Norton Primary School to plan for a potential expansion to meet demand. Plan provision for a new primary school at Twigworth to meet demand from new housing.	Plan provision for a new primary school at Twigworth to meet demand from new housing.	Monitor secondary place need and explore the potential for a new secondary school for Gloucester. Land search for potential new secondary school for Gloucester District for longer term need.

## D36 Longlevens

There are 3 primary schools and 1 infant and junior school in the Longlevens area together with 1 secondary school catering for the 11 to 19 age range locally. There are 12 secondary schools in the Gloucester planning area including 4 grammar schools. Children requiring special school provision could attend, Milestone or travel to Bettridge and Belmont or The Ridge in Cheltenham or The Peak in Dursley for Secondary depending on the nature of their additional needs.

Primary	DFE	Type	District
Elmbidge Primary School	2013	Community school	Gloucester
Kingsholm C of E Primary School	3010	Voluntary controlled school	Gloucester
Longford Park Primary Academy	2029	Free schools	Gloucester
Longlevens Infant School	2033	Community school	Gloucester
Longlevens Junior School	2031	Community school	Gloucester

The 12 Secondary schools serving the Gloucester area are listed here:

Secondary	DFE	Type	District
Barnwood Park Arts College	4012	Foundation school	Gloucester
Chosen Hill School	5412	Academy converter	Tewkesbury
Churchdown School Academy	5409	Academy converter	Tewkesbury

2027/28	135	147	(15)	-12	-9%	945	1045	(101)	-100	-11%

Overall, there are 325 houses identified in the Tewkesbury housing trajectory to be built in the Brockworth planning area should all of this housing come forward it is predicted to generate approximately 98 primary aged pupils in the forecast period in addition 10 houses were identified in the Cotswold District housing trajectory should all of this housing come forward it is predicted to generate approximately 3 primary aged pupils in the forecast period. A large strategic housing development at Perry Brook of up to 1500 dwellings will be supported by a new primary school and site as part of the S106 agreement.

## Secondary Pupil Place demand in Brockworth

Henley Bank High School is the nearest school for this planning area although parents can express a preference for any school.

Henley Bank and Chosen Hill Schools are the main secondary schools serving Brockworth area. Estimates of the future need for secondary places is based on the number of pupils leaving primary schools at the age of 11+, applying historic transfer ratios to take account of pupils moving to independent schools and schools in other areas.

The bar chart shows the secondary schools allocated in 2024 of the pupils transferring from a primary school in the Brockworth. 51% were allocated Henley Bank High School and 14% were allocated Chosen Hill in the 2024 round.

Information on Secondary Place Planning relating to Brockworth planning area can be found from page 254 to page 258.

## Brockworth Implementation Plan

<b>Short term – 1 to 2 years</b> <b>Academic Years</b> <b>2025/26 – 2026/27</b>	<b>Medium term – 3 to 5 years</b> <b>Academic Years</b> <b>2027/28 – 2029/30</b>	<b>Long term – 5 to 10 years</b> <b>Academic Years</b> <b>2030/31 – 2035/36</b>
No action required.	The new housing development at Perry Brook will support a new primary school and contribution to secondary provision to support pupils arising from the development.	Monitor secondary place need and explore the potential for a new secondary school for Gloucester. Land search for potential new secondary school for Gloucester District for longer term

		need.

## D Secondary School Information

### Forest of Dean

#### D45 Forest North

The Forest North is served by Newent School. The graphs below show the feeder schools and capacity of the secondary schools

Pie chart above shows, by primary schools planning areas, the pupils allocated to Newent Community School in the 2024 allocation round.

#### Implications for Secondary School Provision from 2023

The table below shows pupils at the Secondary school within the Forest North area with the percentage of surplus/shortfall places by age cohort both retrospectively and forecast including anticipated pupil product.

YEAR	Year 7					Total School - Years 7-11				
	PAN	Total NOR in Year 7 (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year 7	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	239	220		19	8%	1195	783		412	34%
2020/21	239	210		29	12%	1195	882		313	26%
2021/22	239	204		35	15%	1195	929		266	22%
2022/23	239	237		2	1%	1195	979		216	18%
2023/24	239	239		0	0%	1195	1041		154	13%
2024/25	239	210		29	12%	1195	1059		136	11%
2025/26	239	244	(5)	-5	-2%	1195	1130	(22)	65	5%
2026/27	239	211	(6)	28	12%	1195	1154	(28)	41	3%
2027/28	239	240	(6)	-1	0%	1195	1155	(28)	40	3%
2028/29	239	226	(6)	13	5%	1195	1136	(28)	59	5%
2029/30	239	229	(9)	10	4%	1195	1157	(39)	38	3%
2030/31	239	215	(9)	24	10%	1195	1124	(39)	71	6%

Overall, there are 147 houses identified in the Forest of Dean housing trajectory to be built in the Forest North area, should all of this housing come forward it is predicted to generate approximately 22 11-16 aged pupils in the forecast period in addition there are 113 houses identified in the Tewkesbury housing trajectory to be built in the Forest North area, should all of this housing come forward it is predicted to generate approximately 17 11-16 aged pupils in the forecast period. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request

**Post 16**

Newent Community School offers Post 16 provision in this area.

## D46 Forest Central

The Forest Central is served by Dean Magna, Five Acres High, SGS Forest High Schools and The Dean Academy. The graphs below show the feeder schools and capacity of the secondary schools

Pie chart shows, by primary schools planning areas, the pupils allocated to Dene Magna School in the 2024 allocation round

68% of the pupils allocated to The Five Acres High school in the 2024 round previously attended a primary school in the Coleford planning area, 11% from the Lydney area.

90% of the pupils allocated to SGS Forest High School in the 2024 round previously attended a primary school in the Cinderford planning area,

77% of the pupils allocated to The Dean Academy School in the 2024 round previously attended a primary school in the Lydney planning area

### Implications for Secondary School Provision from 2023

The table below shows pupils at 4 Secondary schools within the Forest Central area with the percentage of surplus/shortfall places by age cohort both retrospectively and forecast including anticipated pupil product.

YEAR	Year 7					Total School - Years 7-11				
	PAN	Total NOR in Year 7 (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year 7	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	664	513		151	23%	3320	2386		934	28%
2020/21	664	475		189	28%	3320	2383		937	28%
2021/22	664	528		136	20%	3320	2432		888	27%
2022/23	664	565		99	15%	3320	2541		779	23%
2023/24	664	577		87	13%	3320	2623		697	21%
2024/25	664	563		101	15%	3320	2716		604	18%
2025/26	664	540	(5)	124	19%	3320	2806	(24)	514	15%
2026/27	664	510	(8)	154	23%	3320	2787	(39)	533	16%
2027/28	664	560	(10)	104	16%	3320	2775	(49)	545	16%
2028/29	664	509	(15)	155	23%	3320	2716	(72)	604	18%
2029/30	664	518	(25)	146	22%	3320	2699	(125)	621	19%
2030/31	664	517	(25)	147	22%	3320	2656	(125)	664	20%

There are approximately 853 dwellings identified in the Forest of Dean housing trajectory to be built in the Forest Central area. This would generate approximately 125 11-16 aged pupils over the forecast period

**Post 16** – There is no provision for Post 16 at Dean Academy, for sixth form, young people travel to post 16 provisions in the nearby community areas at Newent and Sedbury or travel into Cheltenham or Gloucester for other sixth forms and college options. A new college opened in Cinderford in 2018. Dean Magna School has proposed to open a 6<sup>th</sup> Form.

## D47 Forest South

The Forest South is served by Wyedean School. The graphs below show the feeder schools and capacity of the secondary schools

42% of the pupils allocated to Wyedean School in the 2024 round previously attended a primary school in the Tidenham planning area.

### Implications for Secondary School Provision from 2023

The table below shows pupils at Wyedean School within in the Forest South area, with the percentage of surplus/shortfall places by age cohort both retrospectively and forecast including anticipated pupil product.

YEAR	Year 7					Total School - Years 7-11				
	PAN	Total NOR in Year 7 (including students from housing)		Surplus - Shortfall Places	% Surplus - Shortfall Year 7	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus - Shortfall Places
2019/20	174	174		0	0%	870	832		38	4%
2020/21	174	169		5	3%	870	834		36	4%
2021/22	174	154		20	11%	870	827		43	5%
2022/23	174	174		0	0%	870	839		31	4%
2023/24	174	151		23	13%	870	825		45	5%
2024/25	174	160		14	8%	870	813		57	7%
2025/26	174	150	(1)	24	14%	870	795	(1)	75	9%
2026/27	174	130	(1)	44	25%	870	769	(4)	101	12%
2027/28	174	151	(2)	23	13%	870	747	(7)	123	14%
2028/29	174	123	(2)	51	29%	870	715	(7)	155	18%
2029/30	174	144	(2)	30	17%	870	697	(7)	173	20%
2030/31	174	136	(2)	38	22%	870	682	(7)	188	22%

There are approximately 45 dwellings identified in the Forest of Dean housing trajectory to be built in the Tidenham area. This would generate approximately 7 11-16 aged pupils over the forecast period that, due to the legacy of surplus places, can be contained within existing provision in the short term.

**Post 16**

The Wydean School and other further education settings offer post 16 education for the young people in this area.

## Tewkesbury

### D48 Tewkesbury

Tewkesbury is served by Tewkesbury Academy, Cleeve and Winchcombe Schools. The graphs below show the feeder schools and capacity of the secondary schools

Pie chart shows, by primary schools planning areas, the pupils allocated to Tewkesbury Academy in the 2024 allocation round.

Pie chart above shows, by primary schools planning areas, the pupils allocated to Cleeve School in the 2024 allocation round.

Pie chart above shows, by primary schools planning areas, the pupils allocated to Winchcombe School in the 2024 allocation round.

### **Implications for Secondary School Provision from 2023**

The Secondary schools serving the Tewkesbury planning area are listed here:

<b>Secondary</b>	<b>DFE</b>	<b>Type</b>	<b>District</b>
Cleeve School	4024	Academy converter	Tewkesbury
Tewkesbury School	5405	Academy converter	Tewkesbury
Winchcombe School	5417	Academy converter	Tewkesbury

The table below shows pupils at the Secondary schools within the Tewkesbury area with the percentage of surplus/shortfall places by age cohort both retrospectively and forecast including anticipated pupil product.

YEAR	Year 7					Total School - Years 7-11				
	PAN	Total NOR in Year 7 (including students from housing)		Surplus - Shortfall Places	% Surplus - Shortfall Year 7	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus - Shortfall Places
2019/20	678	580		98	14%	3390	2806		584	17%
2020/21	690	586		104	15%	3450	2793		657	19%
2021/22	690	627		63	9%	3450	2853		597	17%
2022/23	690	612		78	11%	3450	2936		514	15%
2023/24	700	623		77	11%	3500	2978		522	15%
2024/25	700	624		76	11%	3500	3051		449	13%
2025/26	700	634	(7)	66	9%	3500	3144	(34)	356	10%
2026/27	700	620	(16)	80	11%	3500	3162	(76)	338	10%
2027/28	700	634	(24)	66	9%	3500	3208	(120)	292	8%
2028/29	700	678	(31)	22	3%	3500	3265	(153)	235	7%
2029/30	700	644	(39)	56	8%	3500	3285	(192)	215	6%
2030/31	700	603	(39)	97	14%	3500	3222	(192)	278	8%

The majority of secondary schools are academies and the capacity of these schools is recorded in the academy funding agreement. This should be updated where a PAN is changed. The 11 – 16 capacity identified in these tables for expanding schools has been shown as the total capacity at the date of a permanent PAN increase. In most cases the working capacity of the school will be lower while a PAN increase works its way through over subsequent academic years.

**For example** a secondary school expanding from 5 to 6 forms of entry would originally have a capacity of 750 places (5 x 150) if the PAN increase takes effect from Sept 2023 the tables will reflect the capacity increase to 900 places (5 x 180) from Sept 2023. However, in most cases, the school will only increase its intake (PAN) from 150 to 180 for the Year 7 intake and operationally the school may use a capacity of 780 places. The balance 120 places will not be in use until the higher intake works its way through the school

Overall, there are 1306 houses identified in the Tewkesbury housing trajectory to be built in the Tewkesbury area, should all of this housing come forward it is predicted to generate approximately 192 11-16 aged pupils in the forecast period. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request

### **Post 16**

Both Tewkesbury and Cleeve Schools offer Post 16 provision in the wider planning area, however there are a range of Post 16 providers that pupils can access across Gloucestershire.

## Cotswolds

### D49 Cotswold North

The Cotswold North is served by Chipping Campden and The Cotswold Schools. The graphs below show the feeder schools and capacity of the secondary schools

Pie chart above shows, by primary schools planning areas, the pupils allocated to Chipping Campden School in the 2024 allocation round.

Pie chart above shows, by primary schools planning areas, the pupils allocated to The Cotswold academy school in the 2024 allocation round.

### Implications for Secondary School Provision from 2023

The table below shows pupils at the Secondary school within the Cotswold North area with the percentage of surplus/shortfall places by age cohort both retrospectively and forecast including anticipated pupil product.

YEAR	Year 7					Total School - Years 7-11				
	PAN	Total NOR in Year 7 (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year 7	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	458	464		-6	-1%	2170	2198		-28	-1%
2020/21	428	426		2	0%	2170	2206		-36	-2%
2021/22	475	459		16	3%	2375	2230		145	6%
2022/23	475	477		-2	0%	2375	2260		115	5%
2023/24	475	475		0	0%	2375	2324		51	2%
2024/25	475	475		0	0%	2375	2338		37	2%
2025/26	475	407	(4)	68	14%	2375	2311	(19)	64	3%
2026/27	475	435	(6)	40	8%	2375	2289	(28)	86	4%
2027/28	475	456	(8)	19	4%	2375	2264	(37)	111	5%
2028/29	475	417	(10)	58	12%	2375	2210	(48)	165	7%
2029/30	475	417	(12)	58	12%	2375	2152	(60)	223	9%
2030/31	475	393	(12)	82	17%	2375	2130	(60)	245	10%

Overall, there are 409 houses identified in the Cotswolds housing trajectory to be built in the Cotswold North area, should all of this housing come forward it is predicted to generate approximately 60 11-16 aged pupils in the forecast period. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request

The Cotswold Academy is the local secondary school. The local housing growth has secured S106 and The Cotswold Academy increased its PAN from 210 to 220 for the 2018 intake creating 50 additional whole school places. Further housing may see the need for additional expansion which would be supported by S106.

**Post 16**

Cotswold School offers Post 16 provision in the area.

**D50 Cotswold South**

The Cotswold South is served by Cirencester Deer Park, Cirencester Kingshill, Farmor's and Sir William Romney's Schools. The graphs below show the feeder schools and capacity of the secondary schools

Pie chart above shows, by primary schools planning areas, the pupils allocated to Farmor's school in the 2024 allocation round.

Pie chart above shows, by primary schools planning areas, the pupils allocated Cirencester Kingshill School in the 2024 allocation round.

Pie chart above shows, by primary schools planning areas, the pupils allocated Cirencester Deer Park school in the 2024 allocation round.

Pie chart above shows, by primary schools planning areas, the pupils allocated to Sir William Romney's school in the 2024 allocation round.

**Implications for Secondary School Provision from 2023**

The table below shows pupils at the Secondary school within the Cotswold South area with the percentage of surplus/shortfall places by age cohort both retrospectively and forecast including anticipated pupil product.

YEAR	Year 7					Total School - Years 7-11				
	PAN	Total NOR in Year 7 (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year 7	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	698	667		31	4%	3490	3074		416	12%
2020/21	698	665		33	5%	3490	3184		306	9%
2021/22	698	661		37	5%	3490	3246		244	7%
2022/23	698	640		58	8%	3490	3252		238	7%
2023/24	698	649		49	7%	3490	3201		289	8%
2024/25	698	650		48	7%	3490	3245		245	7%
2025/26	698	670	(6)	28	4%	3490	3305	(27)	185	5%
2026/27	698	650	(10)	48	7%	3490	3300	(50)	190	5%
2027/28	698	604	(17)	94	13%	3490	3280	(83)	210	6%
2028/29	698	631	(24)	67	10%	3490	3264	(116)	226	6%
2029/30	698	619	(29)	79	11%	3490	3231	(143)	259	7%
2030/31	698	591	(29)	107	15%	3490	3129	(143)	361	10%

Overall, there are 975 houses identified in the Cotswold housing trajectory to be built in the Cotswold South area, should all of this housing come forward it is predicted to generate approximately 143 11-16 aged pupils in the forecast period. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request

There are up to 2,500 houses identified in the Cotswold Local Plan to be built in the Cirencester community area. This is a Strategic site at Chesterton and will deliver a new 3FE primary school and S106 contributions to local Secondary Schools. It is expected to generate 325 Secondary aged pupils.

**Post 16**

Farmer’s School offers Post 16 provision in the area. Cirencester College offers post 16 education locally

## Stroud

### D51East Stroud

The East Stroud is served by Archway, Maidenhill, Marling, Stroud High and Thomas Keble Schools. The graphs below show the feeder schools and capacity of the secondary schools

Pie chart above shows, by primary schools planning areas, the pupils allocated to Thomas Keble School in the 2024 allocation round.

Pie chart above shows, by primary schools planning areas, the pupils allocated to Archway school in the 2024 allocation round.

The pie chart above shows, by primary schools planning areas, the pupils allocated to Maidenhill School in the 2024 allocation round.

The pie chart above shows, by primary schools planning areas, the pupils allocated to Marling School in the 2024 allocation round.

The pie chart above shows, by primary schools planning areas, the pupils allocated to Stroud High School in the 2024 allocation round.

### Implications for Secondary School Provision from 2023

The table below shows pupils at the Secondary school within the East Stroud area with the percentage of surplus/shortfall places by age cohort both retrospectively and forecast including anticipated pupil product.

YEAR	Year 7					Total School - Years 7-11				
	PAN	Total NOR in Year 7 (including students from housing)	Surplus - Shortfall Places	% Surplus Shortfall Year 7	Total Places	Total (including students from housing)	Surplus - Shortfall Places	% Surplus Shortfall Places		
2019/20	808	772	36	4%	4040	3647	393	10%		
2020/21	814	766	48	6%	4070	3696	374	9%		
2021/22	814	772	42	5%	4070	3752	318	8%		
2022/23	814	787	27	3%	4070	3782	288	7%		
2023/24	864	865	-1	0%	4070	3902	168	4%		
2024/25	814	807	7	1%	4070	3982	88	2%		
2025/26	814	766	(9)	48	6%	4070	4039	(44)	31	1%
2026/27	814	738	(19)	76	9%	4070	4029	(95)	41	1%
2027/28	814	768	(34)	46	6%	4070	4052	(170)	18	0%
2028/29	814	752	(45)	62	8%	4070	3945	(221)	125	3%
2029/30	814	760	(46)	54	7%	4070	3855	(224)	215	5%
2030/31	814	731	(46)	83	10%	4070	3783	(224)	287	7%

Overall, there are 1520 houses identified in the Stroud housing trajectory to be built in the East Stroud area, should all of this housing come forward it is predicted to generate approximately 224 11-16 aged pupils in the forecast period. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request

**Post 16**

Stroud College along with a number of secondary schools in the South Cotswolds offer post 16 education.

**D52 West Stroud**

The West Stroud is served by Katherine Lady Berkeley's and Rednock Schools. The graphs below show the feeder schools and capacity of the secondary schools

The pie chart above shows, by primary schools planning areas, the pupils allocated to Rednock School in the 2024 allocation round.

Pie chart above show, by primary schools planning areas, the pupils allocated to Katherine Lady Berkeley's School in the 2024 allocation round.

### Implications for Secondary School Provision from 2023

The table below shows pupils at Secondary school within the West Stroud area with the percentage of surplus/shortfall places by age cohort both retrospectively and forecast including anticipated pupil product.

YEAR	Year 7					Total School - Years 7-11				
	PAN	Total NOR in Year 7 (including students from housing)		Surplus - Shortfall Places	% Surplus - Shortfall Year 7	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus - Shortfall Places
2019/20	485	491		-6	-1%	2425	2276		149	6%
2020/21	485	469		16	3%	2425	2314		111	5%
2021/22	485	490		-5	-1%	2425	2351		74	3%
2022/23	485	490		-5	-1%	2425	2364		61	3%
2023/24	485	493		-8	-2%	2425	2362		63	3%
2024/25	485	475		10	2%	2425	2391		34	1%
2025/26	485	490	(5)	-5	-1%	2425	2458	(23)	-33	-1%
2026/27	485	466	(9)	19	4%	2425	2451	(44)	-26	-1%
2027/28	485	496	(12)	-11	-2%	2425	2461	(60)	-36	-1%
2028/29	485	474	(14)	11	2%	2425	2427	(66)	-2	0%
2029/30	485	479	(17)	6	1%	2425	2429	(81)	-4	0%
2030/31	485	474	(17)	11	2%	2425	2401	(81)	24	1%

Overall, there are 546 houses identified in the Stroud housing trajectory to be built in the West Stroud area, should all of this housing come forward it is predicted to generate approximately 81 11-16 aged pupils in the forecast period. Depending on when and in what quantities these housing developments are provided will inform what S106 developers contribution requirements Gloucestershire County Council will request

**Post 16**

Stroud College, and a number of secondary schools in the Stroud and South Cotswolds area, including KLB and Rednock, offer post 16 education.

## Cheltenham

### D53 Cheltenham

Cheltenham is served by All Saints' Academy, Balcarras, Cheltenham Bournside & Sixth Form Centre, Pates Grammar School, Pittville and The High School Leckhampton Schools. The graphs below show the feeder schools and capacity of the secondary schools

Pie chart shows by primary schools planning areas, the pupils allocated to All Saints' Academy in the 2024 allocation round.

Pie chart shows, by primary schools planning areas, the pupils allocated to Pittville School in the 2024 allocation round.

The pie chart shows, by primary schools planning areas, the pupils allocated to Balcarras School in the 2024 allocation round.

The pie chart above shows, by primary schools planning areas, the pupils allocated to Cheltenham Bournside School in the 2024 allocation round.

The pie chart above shows, by primary schools planning areas, the pupils allocated to The High School Leckhampton School in the 2024 allocation round.

The pie chart above shows, by primary schools planning areas, the pupils allocated to Pate's School in the 2024 allocation round.

### Implications for Secondary School Provision from 2023

The table below shows pupils at the Secondary school within the Cheltenham area with the percentage of surplus/shortfall places by age cohort both retrospectively and forecast including anticipated pupil product.

YEAR	Year 7					Total School - Years 7-11				
	PAN	Total NOR in Year 7 (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Year 7	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus Shortfall Places
2019/20	1059	1047		12	1%	5083	4663		420	8%
2020/21	999	1011		-12	-1%	5083	4783		300	6%
2021/22	1119	1117		2	0%	5203	5010		193	4%
2022/23	1119	1123		-4	0%	5295	5265		30	1%
2023/24	1179	1169		10	1%	5445	5439		6	0%
2024/25	1209	1198		11	1%	5565	5586		-21	0%
2025/26	1179	1232	(15)	-53	-5%	5745	5873	(75)	-128	-2%
2026/27	1179	1242	(29)	-63	-5%	5805	6041	(143)	-236	-4%
2027/28	1179	1261	(47)	-82	-7%	5865	6229	(231)	-364	-6%
2028/29	1179	1266	(71)	-87	-7%	5895	6388	(351)	-493	-8%
2029/30	1179	1275	(94)	-96	-8%	5895	6488	(468)	-593	-10%
2030/31	1179	1272	(94)	-93	-8%	5895	6449	(468)	-554	-9%

The majority of secondary schools are academies and the capacity of these schools is recorded in the academy funding agreement. This should be updated where a PAN is changed. The 11 – 16 capacity identified in these tables for expanding schools has been shown as the total capacity at the date of a permanent PAN increase. In most cases the working capacity of the school will be lower while a PAN increase works its way through over subsequent academic years.

**For example** a secondary school expanding from 5 to 6 forms of entry would originally have a capacity of 750 places (5 x 150) if the PAN increase takes effect from Sept 2023 the tables will reflect the capacity increase to 900 places (5 x 180) from Sept 2023. However, in most cases, the school will only increase its intake (PAN) from 150 to 180 for the Year 7 intake and operationally the school may use a capacity of 780 places. The balance 120 places will not be in use until the higher intake works its way through the school

Overall, there are 3,181 houses identified in the Cheltenham housing trajectory to be built in the Cheltenham planning area, should all of this housing come forward it is predicted to generate approximately 468 11-16 aged pupils in the forecast period.

Two large strategic sites in North West Cheltenham and West Cheltenham of up to 4500 and 1200 new homes respectively is identified in the Joint Core Strategy plan. These are significant housing developments and will provide three new primary schools.

It may also require some additional primary places at existing schools, if site capacity allows depending on the final number of dwellings built.

### **Post 16**

A number of local secondary schools offer post 16 education.

## **Gloucester**

### **D54 Gloucester**

Gloucester is served by Barnwood Park College, Holmleigh Park High School, Chosen Hill, Churchdown, Gloucester Academy, Henley Bank High, Denmark Road High School, Ribston Hall High, Severn Vale, Sir Thomas Rich's St Peters Catholic High School & Sixth Form and

The Crypt Schools. The graphs below show the feeder schools and capacity of the secondary schools

The pie chart shows, by primary schools planning areas, the pupils allocated to Chosen Hill School in the 2024 allocation round.

The pie chart shows, by primary schools planning areas, the pupils allocated to Churchdown School Academy in the 2024 allocation round.

The pie chart shows, by primary schools planning areas, the pupils allocated to Gloucester Academy in the 2024 allocation round.

Pie chart shows, by primary schools planning areas, the pupils allocated to Barnwood Park Arts College in the 2024 allocation round.

Pie chart shows, by primary schools planning areas, the pupils allocated to Severn Vale in the 2024 allocation round.

Pie chart shows, by primary schools planning areas, the pupils allocated to Holmleigh Park High School in the 2024 allocation round.

Pie chart shows, by primary schools planning areas, the pupils allocated to Henley Bank High School in the 2024 allocation round.

Pie chart shows, by primary schools planning areas, the pupils allocated to Denmark Road High School in the 2024 allocation round.

Pie chart shows, by primary schools planning areas, the pupils allocated to Ribston Hall High School in the 2024 allocation round.

Pie chart shows, by primary schools planning areas, the pupils allocated to Sir Thomas Rich's School in the 2024 allocation round.

Pie chart shows, by primary schools planning areas, the pupils allocated to St. Peter's Catholic High School & Sixth Form in the 2024 allocation round.

Pie chart shows, by primary schools planning areas, the pupils allocated to The Crypt School in the 2024 allocation round.

### Implications for Secondary School Provision from 2023

The table below shows pupils at the Secondary school within the Gloucester area with the percentage of surplus/shortfall places by age cohort both retrospectively and forecast including anticipated pupil product.

YEAR	Year 7					Total School - Years 7-11				
	PAN	Total NOR in Year 7 (including students from housing)		Surplus - Shortfall Places	% Surplus - Shortfall Year 7	Total Places	Total (including students from housing)		Surplus - Shortfall Places	% Surplus - Shortfall Places
2019/20	2344	2343		1	0%	11720	10485		1235	11%
2020/21	2374	2333		41	2%	11870	10792		1078	9%

## **GLOSSARY**

The Council, The County Council , The LA - refers to Gloucestershire County Council

SCAP Return – School Capacity Return – refers to the annual data return sent to central government to show deficit or surplus places in Gloucestershire schools

Education Planning and Infrastructure Team – refers to the team responsible for School Place Planning and ensuring sufficient places are available

Admissions Team – refers to the team responsible for overseeing the Reception entry to school and Y7 transfer to secondary school admissions.

Academic Year – refers to A period commencing with 1<sup>st</sup> August and ending with the next 31<sup>st</sup> July as defined by Section 88M of the SSFA 1998.

School Year – refers to The period beginning with the first school term to begin after July and ending with the beginning of such term after the following July, as defined by Section 579 of the Education Act 1996.

Basic Need and Maintenance – refers to types of capital funding allocated from central government to the LA to cover cost of supply of new places and maintenance (Schools Condition Allocation) of schools.

S106 and CIL – refers to Section 106 developer's contributions and Community Infrastructure Levy are two forms of capital monies received from developers when new dwellings are built to be used to fund school places. The Community Infrastructure Levy is being introduced slowly and is a tax payable on each new dwelling rather than a negotiated S106 payment for the whole development.

Bulge Class – refers to an additional number of places at Reception in a one off year only. For example - if a school normally admits 30 pupils into Reception but there is a requirement that for one year only they are requested to admit 60, that cohort will remain in the school for the seven years, however the following years cohort will return to 30.

In Year Applications – refers to pupils that arrive into the county after the September Admissions round is completed and require a school place. This would be administered by the In Year Admissions Team.

Joint Core Strategy – refers to Housing Strategy of two or more District Councils in this case refers to Cheltenham, Gloucester and Tewkesbury's joint housing strategy.

EFA / ESFA – refers to Education & Skills Funding Agency, the body that funds all Academies and Free Schools.

High Needs Places – refers to school places required by pupils who have specific and additional needs to mainstream school places.

Implementation Plans – refers to set of plans used to support and provide new school places.

Academies—Academies are publicly funded independent schools. They don't have to follow the national curriculum and can set their own term times. They still have to follow the same rules on admissions, special educational needs and exclusions as other state schools. Academies get money directly from the government, not the local council. They're run by an academy trust which employs the staff. Some academies have sponsors such as businesses, universities, other schools, faith groups or voluntary groups. Sponsors are responsible for improving the performance of their schools.

Free schools – refers to schools funded by the government but aren't run by the local council. They have more control over how they do things. They're 'all-ability' schools, so can't use academic selection processes like a grammar school. Free schools can set their own pay and conditions for staff and change the length of school terms and the school day. They don't have to follow the national curriculum.

Community Schools – refers to schools where the local authority employs the school's staff, owns the school's land and buildings and is the admissions authority (it has primary responsibility for deciding the arrangements for admitting pupils).

Voluntary Aided – refers to a school where the governing body is the employer and the admissions authority. The school's land and buildings (apart from playing fields which are normally owned by the local authority) will normally be owned by a charitable foundation.

Foundation Schools – refers to a school where the governing body is the employer and the admissions authority. The school's land and buildings are either owned by the governing body or by a charitable foundation.

UTC – refers to a school that are a kind of free school specialising in subjects like engineering and construction. They usually teach these subjects along with business skills and IT. Pupils study academic subjects as well as practical subjects leading to technical qualifications. The curriculum is designed by the university and employers, who also provide work experience for students. University technical colleges are sponsored by:

- universities
- employers
- further education colleges

New School Competition Arrangements – refers to the process for selecting an Academy Trust to run a new school.

Free School Proposal – refers to the process to establish a Free School.

Collaborative and Federated – refers to two or more schools working together under one governing body.

All through School Models – refers to schools age range that covers 4 – 19 year olds (if 6<sup>th</sup> form is included) or 4 to 16 year olds in one school establishment.

Specialist Commissioning – refers to the team that arrange school places for pupils with specific and or additional needs that cannot be met in mainstream schools.

Two Tier Authorities – refers to a County Council which overarches a number of District Councils. Gloucestershire is a Two Tier Authority.

PAN – Published Admission Number – refers to the number of places a school can offer at intake.

NC – Net Capacity – refers to the total number of school places a school has the space to support.

Multi Academy Trust – refers to a body that has a number of schools within its administration.

Priority Schools Building Programme – refers to a government funded programme (PSBP) to provide new schools and included a bidding process.

Devolved Formula Capital – refers to an allocated amount of capital funding given to each school by formula to be used to support capital projects at their school.

Capital Receipts - refers to any capital monies received by the Local Authority from sale of assets

Housing Audits – refers to work undertaken by a consultant to review the number of school aged children arising from recent housing developments and used to evidence need for S106 funding.

Academy Conversion Programme – refers to the process a school has to follow to move from a county maintained school to an Academy.

Regional Department for Education Directors– RDD – refers to the body that administrates decisions on behalf of the Secretary of State for all Academies and Free Schools

Diocese – refers to the area covered by a Bishop's jurisdiction and only applies to Catholic and Church of England schools.

Children's Centre – refers to a centre offering early childhood services, including education, childcare, social services and health services.
