ALL</p> <p>Jo asked the group for ideas/themes for the next face to face event.</p> <p>Suggestions for the day:</p> <ul style="list-style-type: none"> • Venue with good parking. Time – does it need to be more compact? Information stands for stakeholders? Encourage senior stakeholders and influencers to attend and get involved. Invite Helen Goodey, Director of Primary Care & Place, ICB. • Must have a diverse range of carer’s stories as these are very powerful and really highlight the challenges faced daily. • Feedback from carers on what works and doesn’t work, their expectations and how the CPB influences these changes. • Information session from the Care and Advice Line • How to encourage people to recognise themselves as carers • How to ensure our services for carers are easily identified and accessible • Encouraging young carers to join the event. • Identifying young carers earlier and arranging support. • How services recognise carers and ensure that there are no barriers once identified. <p>Action: Venue to be identified and booked asap.</p> <p>Action: Follow up on arrangement for GP representative and someone from Helen Goodey’s Team to regularly attend CPB meetings.</p>	<p>ALL</p> <p>JoB/KG/NV KG/NV</p>

4.	<p>Members updates – 3 key points</p> <p>Parent Carer Forum - Helen Annual SEND fair took place on 10th February 2025. The purpose of the fair was for Parent Carers to access information, advice and support. In attendance were:</p> <ul style="list-style-type: none"> • a range of voluntary sector organisations • strategic partners • other relevant services <p>All sharing information on how they can support Parent Carers. The event was extremely successful, with the Director of Children’s Services, the Director of Education, the Head of SEND Employment Education Team, the Assistant Director for Safeguarding and the Designated Medical Officer giving keynote speeches. Clinic appointments from the SENDIASS Team were available. The Education, Health and Care Plans (EHCP) Casework Team gave advice and support to parents of the most vulnerable children.</p> <p>Action: Please share PCF information whenever and wherever possible, especially the Families in Partnership newsletter, which is co-produced.</p> <p>Gloucestershire Young Carers - Cheryl</p> <ul style="list-style-type: none"> • 103 referred in the last quarter, 88 of which were Young Carers and 15, Young Adult Carers • Referrals from Education rose again in the Autumn and now makes up for 50% of all referrals, however, referrals from Children’s Services has fallen to 16%. Two of the new young carers are on an Education, Health and Care (EHC) plan, three are on Children In Need (CIN) plans, and three have Child Protection (CP) plans. This equates to nearly 10% having significant needs, which is a large percentage. • Twilight Conference took place in November 2024 and was led by young carers who organised 6 workshops around different issues that they were facing. One of the key points made was that it took around 3-4 years for them to be identified as young carers. Earlier identification could have made things a lot different for these young people. • Mosquito Mission sessions – These sessions, run by young carers, are to help newly qualified Social Workers and Teachers or those in training, understand the issues that they face. A 3-hour session was held for sixty primary early career teachers and twenty-two social care postgraduate and master students at the University of Gloucestershire. • Refreshing of development plan for the next one – three years. <p>Gloucestershire Carers Hub - Lisa</p> <ul style="list-style-type: none"> • Carers Rights event at Shurdington in November was successful with good attendance at the presentations from Becky Fell and the Care Advice Line. • Carers Week 9th June 2025 <ul style="list-style-type: none"> ○ This will take place at Dowty’s Social Club, with 3 rooms booked including a quiet room for conversations 	ALL
----	--	-----

	<ul style="list-style-type: none"> ○ A quiet hour will be implemented (request from carers), asking stall holders to be quieter, probably dimming the lights, etc to ensure the event is accessible. ● GCH will take part in the Big Health event on Friday 14th June 2025 of Carers Week ● GCH also taking part in Active April, an initiative from Carers UK. GCH has planned a varied programme including walks at Westonbirt Arboretum, the Rococo Gardens, as well as activities for mental and emotional wellbeing. ● The Mental Health Peer Support Lead for Cirencester won the BBC Gloucestershire Volunteer of the Year Award, a fantastic achievement and which carers to the wider community. ● There was a slight drop in referrals in November and December 2024, but it has picked up again in January 2025, returning to the mid-200s. ● GCH's highest number of carers is in the age range of 18 – 64, which is the working age bracket and not the older category as may have been expected. ● People are still not recognising themselves as being a carer. <p>Action: Please add 9th June Carers Week event to calendars</p> <p>Action: To provide a more detailed breakdown of the 18 – 64 age bracket of carers.</p> <p>Action: Meeting to be arranged to discuss the age of carers to aid Living Well strategy.</p> <p>Action: GYC to write up case study on collaborative working with GCH re. young adult needing help with caring for his Mum.</p> <p>Carers Response Group – voice of carers</p> <ul style="list-style-type: none"> ● Jenny Hincks updated the group on the new Carers Charter. Becky updated more in her presentation. <p>Carers have highlighted issues with the following:-</p> <ul style="list-style-type: none"> ● Issues with hospital discharge <ul style="list-style-type: none"> ○ No package of care offered as it is assumed partner or loved one will provide it. ○ Lack of equipment available and if equipment is provided, lack of servicing or replacements when broken. ● Carers feeling overwhelmed and being told to just get on with it. ● Difficulty with communication between organisations/services. <ul style="list-style-type: none"> ○ Carers feel that they are project managers for their cared for ○ Having to repeat information e.g. cared for diagnosis to every different professional that they deal with ○ No record of what treatment or conversations have taken place with District Nurses or Doctors. ● Cost of living crisis – Older carers not able to access Carers Allowance, some having to rely on food banks due to limited resources ● Respite beds <ul style="list-style-type: none"> ○ Availability issues with hospitals, using up carers respite allocation to fund these ○ Funding allocated from ASC not covering full cost, respite not being used as carers cannot afford to top up. <p>Action – KG/NV to arrange a meeting with ASC</p> <ul style="list-style-type: none"> ● Carers assessments 	<p>ALL LW LW/ST</p> <p>CR/LW</p> <p>NV/KG</p>

	<ul style="list-style-type: none"> ○ The survey of Adult Carers in England (SACE) – coming out later in year. This is a national survey that has a set of key questions, which will give GCC ASC a ranking across England from a carers support perspective. Gloucestershire ranked well in the last survey, particularly with regards to Information, Advice and Guidance. The hope is to improve on last year's results. <p>Action: Share the link to the CQC report – https://www.cqc.org.uk/care-services/local-authority-assessment-reports/gloucestershire-0125</p> <p>Action: Share the link to the GCHs annual survey – https://gloucestershirecarershushub.co.uk/news/annual-survey-2025/</p> <p>Advocacy – Simon</p> <ul style="list-style-type: none"> • Mapping of non-statutory advocacy <ul style="list-style-type: none"> ○ A piece of work is being undertaken around the mapping of non-statutory advocacy support around the county. ○ Once all information has been collated, a forum will be set up around what support the organisations and community groups want and how this can be delivered. <p>Action: Email advocacy@gloucestershire.gov.uk with names of any community groups providing non-statutory advocacy.</p> <p>Action: Flyer to be sent to Lisa for distribution to community groups and organisations.</p> <p>Healthwatch Gloucestershire - Suzie</p> <ul style="list-style-type: none"> • Report on Community Pharmacy <ul style="list-style-type: none"> ○ Still in draft format but a highlight from the report is that of 440 people spoken to, 26% of people identified themselves as a carer. <p>Barnwood Trust – Anna</p> <ul style="list-style-type: none"> • Barnwood Trust's outreach work, AP would like to hear more from carers on issues that matter to them, so will be attending the Hucclecote Carers Cafe on 17th March if anyone would like to join her. Alternatively, she would be happy to visit any other Carers hubs/cafes if any groups would be interested in her coming along. 	<p>Jo B</p> <p>Jo B</p> <p>AIIST</p>
5.	<p>Comfort Break</p> <p>Everyone agreed to forego the break to give Becky time to complete her presentation</p>	
6.	<p>Update from Rebecca Fell - Patient and Carer Experience Improvement Manager - GHT</p> <p>Becky gave an update on her role and the progress she has made since starting in post in July 2024.</p> <p>Launching Carers Charter on 17th February. GHNHSFT committed to recognising the valuable role of carers and working with them as partners to deliver exceptional carers. The charter outlines what carers can expect and how carers can help.</p>

7.	Carer Aware - Kim Action Plan/Strategy – Impact <ul style="list-style-type: none"> Feedback from multiple channels has confirmed that the Action Plan is still “fit for purpose”. We will continue to develop this alongside the strategy. Looking at tangible deliverable to demonstrate impacts. ARF projects – Coproduction Partner <ul style="list-style-type: none"> Money has been received from Department of Health to develop Gloucestershire’s action plan and strategy, and particular focus on Information, Advice and Guidance (IAG), digital self-assessments, as well as hospital processes and ensuring carers are listened to. Co-production partnership between GCC and GCH teams started on 1st February 2025 for twelve months. First task is to map out current position. Two new members of GCC helping with projects. One of the key outcomes is to identify carers earlier and ensure that they have support in place to reduce the number of carers coming through at crisis stage. Carer Aware Training Package <ul style="list-style-type: none"> Originally came about from a suggestion by a carer and was developed and tested with carers. Now looking at how this can be developed, and people made more aware. 	
8.	AOB: No other business was raised. Jo thanked everyone for attending and closed the meeting.
