Flood Risk (Based on information provided by Halcrow)	
Site Description	There is no flooding on the site.

Source Protection Zones (SPZs)	
Comments	N/A

Appendix C.108: Site 583 – Luther Challis Business Park and Imperial Gate

Groundwater/Aquifer details

Comments	Minor Aquifer High (HU) lying over site and within 250m buffer zone
----------	---

Land Ownership and General Deliverability Issues (Based on research undertaken in-house)

The land owners of the site have been contacted and have either indicated they do want their land is not available for residual MSW treatment or have not responded to the letter.

General Comments

Officer comments: The site is not available

Groundwater/Aquifer: Clarification would be required from the Environment Agency as to the implications of a potential facility on the aquifer(s) as detailed above.

Potential for Further Discussion within the WCS

If any areas of the site (above 2ha) are found to be deliverable then any such areas would have potential for further discussion within the WCS.
